Longwood College

Alumnae Bulletin/Winter 1972

Thoughts From The President

Dr. Henry I. Willett, Jr.

Certainly this past year reflected a growing concern and awakening pertaining to the future of Longwood College. Additional new alumnae chapters and an outstanding response to the annual Honor Rolls are a stimulating indication that all facets that make up our college are pulling together to move Longwood forward.

Several events described in detail in this issue depict positive strides made during the past year. You will enjoy articles about Mrs. West's gracious gift to create an art gallery and the approval for a chapter of Phi Kappa Phi. Both of these developments reflect the qualitative growth that we are experiencing at Longwood.

In terms of our enrollment, we have reached what we consider to be our leveling off point for some years to come. We are currently housing approximately 2,000 students in the dormitories along with some 300 day, special and graduate students. While we may experience slight changes in numbers of the latter, it is anticipated that the dormitory figure will remain fairly constant since no dormitories are planned for at least a four-six year period. In order to meet the academic needs of our students, a number of changes have taken place. A year ago, we initiated our program leading to a degree in social welfare. Interest in this area has been heavy. This fall, we reinstituted a program leading to certification in library science. In the area of professional education, added emphasis is being given to training at the kindergarten and primary levels. Early observation of actual classroom situations has become a reality through the medium of the Campus School.

We are currently in the process of conducting a self-study to prepare for the evaluation by the Southern Association of Colleges and Schools. I am sure that more changes will be forthcoming as a result of this in-depth study of the College.

Needless to say, this will be a busy year. The biennial budget presentation to the General Assembly will also involve many of the same people who are working on the self-study. Longwood is fortunate in having talented and dedicated faculty and staff to successfully carry out these programs. With the continued generosity and interest of the alumnae and friends of the College, meaningful strides will again be possible this year.

LONGWOOD AT A GLANCE

William J. Peele, Coordinator of Admissions, Field Services and Placement

An all day faculty-student retreat at Longwood House ushered in the 1971-1972 academic year. Members of the faculty, the administrative staff, two members of the Virginia General Assembly, several members of the Board of Visitors, an interested parent, and student leaders, (plus a random selection of Longwood students) met and discussed current problems, assessed college goals, and made recommendations for meeting the challenges of the 1971-1972 year.

Longwood students have been very much in the news: Ellen Lyon was Longwood's May Queen; Lynne Coleman represented the College at the Apple Blossom Festival in Winchester; Linda Barber was named Miss Caroline County; Deborah Arvin is the reigning Miss Longwood; Chrystene Taylor is Miss Mecklenburg County; Susan Thomas is Miss Hanover County; Amelia Minter is Miss Mathews County; Brenda Bradley is Miss Powhatan County; Claudia Yelton is Miss Pulaski County; Carol Madren is Miss Suffolk-Nansemond County; Helen Mull was named Miss Virginia Folk Music; Nancy Frank was first runner-up in the Junior Miss Pageant in Lynchburg; Janet Howard is the reigning Miss Breck; Pat Perry is the nation's Maid of Cotton. Nancy Fowlkes has been appointed to the Governor's Youth Council and to the Virginia Commission for Children and Youth. This fall, Jessika Jenks of Fredericksburg was named Miss State Fair of Virginia. Judged on the basis of beauty, poise, and personality, Jessika was chosen from among 12 contestants.

The college faculty increased by eleven members over the past year. Miss Barbara Bishop (Chairman of the Art Department), Dr. James Gussett (Assistant Dean of the College), and Dr. Lois Reid (Math Professor), are recipients of the Outstanding Educators of America Award; Mrs. Eleanor W. Bobbitt has received the highly respected Eula Lee Carter Scholarship for graduate study; Dr. Elizabeth B. Jackson was one of two delegates representing *U.S.F.H.A. at a two week international meeting in New Zealand in August. Dr. David Breil, Dr. Sandra Breil, and Dr. Jane Holman participated in international science institutes this summer. Mrs. Helen B. Savage is the newly elected secretary of the Virginia Philosophical Association. Dr. Rosemary Sprague has been chosen the first president of the Victorians Institute.

Five Longwood College Alumnae have been chosen for inclusion in the 1971 edition of Outstanding Young Women of America. Mrs. Shackford McSwain (Rene Fishburne '67) of Winston-Salem, N. C.; Miss Marilyn Hatch ('63) of Falls Church; Miss Mildred Woodward ('65) of Greenbelt, Md.; Mrs. D. C. Harris, Jr. (Evelyn Gray '64) of Hampton, and Mrs. Stephen Walley (Melody Saunders '65) of Sterling have been recognized for their contributions to the betterment of their communities, profession, and country. Mrs. Elizabeth Morris Rogers ('38) has been appointed by the Governor to the State Board of Education; Mrs. Mary Ellen Moore Mitchell ('59) has been appointed to the Longwood College Board of Visitors.

The Visiting Scholar Series was opened by the distinguished historian Dr. Kenneth M. Stampp, Professor of American History at the University of California. The visiting scholar program sponsored by the University Center in Virginia will bring 12 outstanding lecturers to Longwood this year. This year's Institute of Southern Culture Series began with a speech by Herman R. Fries, Director of the Center for Polar Archives in Washington. "Ethereality: A Collection of Photographs" is a Longwood art exhibit that has been widely acclaimed. This exhibit is an outgrowth of a photography course taught last year in Longwood's Department of Art. It has been booked for display throughout the state through 1973. This is the first time a show of this nature has been organized and backed by students and made available to colleges and public schools for exhibit. The widely acclaimed **Civilization Film Series** (Cultural Life of Western Man) will be shown each Sunday for 13 weeks this fall in Bedford and is sponsored by the college's department of Art. New programs in library science and business office practice were initiated this 1971-1972 year.

The college is undergoing a year of self-study. Longwood is seeking re-accreditation by SACS, NCATE, and the State Department of Education. This is the first attempt for accreditation of the new Social Welfare program by the Council on Social Work Education.

We have reached our anticipated "leveling off point" in college enrollment (2,000 dormitory students and 300 day and special students) and the building program reflects this situation. Last September, five new buildings opened; this fall, only an addition to the dining hall is underway (scheduled for use by students in September, 1972), and a two story service building is under construction on a site south of Barlow field. A pool has been given to the science department by the class of 1971. The pool has two basins and will provide a valuable teaching resource for a number of courses offered in the Department of Natural Sciences by serving as a fresh water habitat for the study of both plant and animal life.

Miss Barbara L. Bishop, chairman of the Department of Art, discusses the proposed Sully Art Gallery with Mrs. Jeanne Sully West, sponsor, at her home

MRS. JEANNE SULLY WEST

Longwood was indeed fortunate to acquire the friendship of Mrs. Jeanne Sully West. Throughout her life she has been surrounded by talented people and fine works of art. These remarks should not be taken to mean that she was a bystander, as she was very involved and used her talents to perpetuate and preserve art treasures. She was born in New Orleans, daughter of Thomas Sully (named for the artist in his family) who was a leading architect in this country. It was interesting to find that his partner was a brother of Frank Stone of the architectural firm that designed the Weyanoke Hotel in Farmville and many buildings on the Longwood College campus.

Mrs. West spends the winter months in New Orleans where she still maintains a residence. As a young girl, she enjoyed participating in the Mardi Gras activities. She was selected Queen of Mithras one year but was taken ill and could not participate. The next year, however, she was a maid in the Rex Court. Tulane University also has been a place of fond memories to Mrs. West, since she was a graduate at the age of 19 from Sophie Newcomb College, now a part of Tulane.

For a number of years, Mrs. West was secretary for the Delgado Museum in New Orleans (now called the New Orleans Museum of Art) and has continued to support the museum by giving them a portrait of Chester Sully by the artist Thomas Sully. Chester Sully was the artist's older brother. She has also given a self-portrait (Thomas Sully by Himself) to the Smithsonian Institute.

In 1956, she married Dudley West and they resided in Mr. West's grandfather's tavern in Buckingham County, Virginia. They restored the historic tavern which is a landmark in Gravel Hill near the small community of Dillwyn. The tavern has now been sold, and Mrs. West resides in a cottage near the tavern. Here, once again, Mr. West transformed the surroundings into a picturesque setting by adding a formal boxwood garden, fountains, and sculptured figures, and he named the dwelling "Sully Cottage" after his wife's famous relative, Thomas Sully.

Through mutual friends and activities involving Longwood College, Mrs. West found an opportunity to establish what will be called the Sully Gallery. The establishment of the gallery is the result of Mrs. West's desires to enrich the programs in art at Longwood and to perpetuate the name of Thomas Sully. Towards this goal, she has set up a fund and contributed several valuable art objects—a painting by Thomas Sully, a print by Whistler, a line drawing by her father, and three letters written by Thomas Sully to her grandfather, G. W. Sully. The College is in the process of scheduling an opening for the gallery and contacting those interested in becoming patrons of the gallery.

THOMAS SULLY

1783 - 1872

Elisabeth Louise Flynn, Ph.D., Art Historian, Longwood College

Thomas Sully, the leading portrait painter of Philadelphia in the middle of the nineteenth century, was known to his contemporaries both at home and abroad as a gentleman of fine quality and an artist of competence and genius. Sully was born in Horncastle, Lincolnshire, England in June of 1873. His parents, Mathew and Sarah, emigrated to Charleston, South Carolina in 1792 to pursue their acting careers. Young Sully was apprenticed at the age of 12 to an insurance broker, but since he used the office paper for drawings and not numbers, it was finally decided that he should study painting with his brother-in-law, a miniaturist. This venture was unsuccessful and his parents having died, Thomas went to Richmond, Virginia to live with his older brother, Lawrence, also a miniaturist. Lawrence died in 1803 and Thomas assumed the responsibilities of the family. Two years later, he married his sister-in-law, and they had a happy life and nine children.

At the suggestion of an actor, Thomas A. Cooper, Sully moved to New York in 1805 where he found commissions among the actors and their friends. In 1807, Sully visited Boston and met Gilbert Stuart who generously viewed the young artist's work and encouraged him to "keep what you've got and get what you can." Throughout his life, Sully acknowledged his indebtedness to Stuart for his kind remarks and his professional direction.

In 1809, Sully visited England and studied there for nine months under Benjamin West and Sir Thomas Lawrence. This trip was of great importance to Sully, as he absorbed the ideas and techniques of West and his attitudes toward portraiture and history painting. Sir Thomas Lawrence's brilliant use of color and his sympathy toward his sitter impressed the young American painter. While in England, Sully copied history paintings by West and others. These copies had been commissioned by those businessmen of Philadelphia who had subscribed to Sully's trip. From this experience, Sully learned the academic fundamentals of composition and technique which he applied in his famous "Washington at the Delaware" of 1819. Throughout his career as a portraitist, Sully painted more than 500 subject pictures and landscapes which were known in the nineteenth century as "fancy subjects."

The romanticism of the nineteenth century is evidenced in the portraits of Lawrence and Sully. The romantic mood, achieved through composition and color with grace and dignity as the keynotes, appealed to those who commissioned Sully's work. Sully's temperament of gentility and kindness toward his subject enabled him to place his sitter at ease. In his correspondence of 1838 from England to his family in Philadelphia, Sully described his sittings with the young Queen Victoria. From these letters we learn of Sully's pleasant manner which endeared him to all who knew him. Upon his return to the United States, Sully remained in Philadelphia for the rest of his career until his death in 1872. He was always working and encouraging younger artists. He served as President of the Philadelphia Academy of Fine Arts for fifteen years and was acknowledged by his contemporaries as the best portrait painter in the tradition of Gilbert Stuart.

Sully's works show his master of the academic techniques of the nineteenth century with none of their static qualities. He avoided this aspect of "the academic" through his organization of his masses on the diagonal plane. Sully's brilliant use of rich color, his sensitivity to line, his controlled but free brush stroke and his balanced composition make him a painter's painter.

THE PAST 18 YEARS

The past 18 years in the Home Economics Department have been ones of considerable change. The enrollment has increased from 30 students in 1953 to a present enrollment of 122. The faculty has been increased from three to five. The new Coyner Building is the pride and joy of the department and provides excellent facilities for the study of all phases of home economics.

Changes are taking place in courses and curricula as well. The overall purpose of home economics has remained the same, but the challenges have multiplied with the years. These challenges are reflected in home economics education today. Present-day trends include: increased emphasis on consumer education, wider use of media, stronger emphasis on education for employment, and greater concern for contributions of home economists in meeting the needs of the aged and culturally deprived.

Recognizing the expanding need for personnel in the food service industry and related fields (such as social welfare organizations and food processors), the Home Economics Department is now offering a non-teaching major in Foods and Nutrition (a bachelor of science degree in home economics with a major in foods and nutrition). Students selecting this program take such courses as Experimental Cookery, Demonstration Techniques, Child and Community Nutrition, and Quantity Food Service, as well as the basic courses in foods and nutrition required of all home economics majors.

A bachelor of science degree with a major in Clothing and Textiles is also offered by the Home Economics Department. In the Clothing and Textiles Laboratory, students explore many aspects of human clothing needs. Construction and fitting techniques establish a basis on which is built a knowledge of textile selection and care, of the aesthetic and creative possibilities of personal adornment, and of the social, psychological, and economic principles underlying clothing management.

Students preparing for teacher certification in vocational home economics at Longwood find the large multi-purpose classroom an asset. Audio visual equipment, a demonstration area, and other classroom furnishings provide opportunity for simulated classroom experience in various teaching techniques appropriate for the secondary level.

The addition of a Nursery School to the home economics program provides on-the-scene experience with young children. (Some of you who spent rainy spring afternoons walking to homes of children in the community will appreciate this!) The Nursery School, which opened during the

When you walk into the Nursery School you will probably be greeted with "Who are you?" from one of the very busy and inquisitive four-year-olds. You may then be invited to have dinner with a family in the home area, build a garage in the block area, finger paint at the art table, listen to a story read by a college student, or work with a number concept game. These are just a few of the activities planned daily by Mrs. Marilyn Osborn and the Child Development students to help the children grow physically, mentally, socially and emotionally.

Miss Jane Farrell and several of her students study the proper fitting of a garment. In the Clothing and Textiles Laboratory, named for Miss Katherine Tupper, associate professor of home economics for 33 years, students also study the selection and care of textiles and creative aspects of clothing construction

The faculty of the Home Economics Department now totals five. Seated, left to right, Mrs. Nell H. Griffin, chairman, and Miss S. Rebecca Raburn; standing, Mrs. Patricia H. Fleenor, Mrs. Marilyn W. Osborn, and Miss Jane A. Farrell

1970 school term, serves a twofold purpose. The first is to offer a preschool program for four-year-olds; the second is to give Child Development students the opportunity to observe children and interact with them through participation in the Nursery School. The observation booth adjacent to the Nursery School is equipped with a one-way glass and ear phones so that students may observe, unnoticed by the children.

As living space becomes increasingly costly, it is wise for the individual to understand how to select a dwelling which will provide satisfying space and will meet the other practical needs of shelter. In the Housing, Equipment, and Home Furnishings Laboratory, this inner space exploration is undertaken. It is enlarged upon through a study of furniture, with a view to developing interior enrichment which will enhance living space while providing for comfort and utility. The facilities of the laboratory include a workroom for refinishing, repairing, and remaking furniture, and wide open spaces where the principles of home arrangement may be put into practice.

The Home Management House where senior home economics majors live for one-half semester provides invaluable experience in the operation of a home. The six to eight students who live there together learn to share the responsibilities involved in maintaining a comfortable and attractive home, including managing their income in order to provide necessary services. This includes adapting their food allowance to different income levels. One project consists of learning to supplement foods ordinarily available to low income families and working with some of these families to provide good nutrition. Planning menus, selecting and preparing food, and serving family-style meals, as well as entertaining faculty members, parents, and other students, are a part of their busy life. They also make draperies, place mats, and other accessories for the home using materials available at little or no cost.

Mrs. Nell H. Griffin, chairman, is proud of the giant strides her department has taken to keep pace with the growing needs and increased employment opportunities in the home economics field. "It is only through continued efforts to keep up with the changes in home economics that we can prepare our graduates for the wide variety of positions available to home economists," Mrs. Griffin stated.

"We feel that our facilities are outstanding," continued Mrs. Griffin, "and are especially proud of the new Coyner Building. We hope a large number of home economics alumnae will be able to return on Founders Day, March 17 and 18. If you cannot return to the campus, let us know where you are!"

Dr. Blanche C. Badger, chairman of the Mathematics Department, engaged in the occupation she enjoys most—that of classroom teaching

FROM THE BEGINNING

The history of the Department of Mathematics at Longwood College goes back to the beginnings of the college itself. There are no records as to the curriculum of the Farmville Female Academy (established in 1839), but in 1860, when the name of the school was changed to the Farmville Female College, the course of instruction placed a definite emphasis on "higher mathematics." In fact, the first president of the college, Mr. George La Monte, taught higher mathematics, as well as Latin and literature.

In 1884, when the college property was deeded to the State of Virginia for the establishment of the State Female Normal School, the mathematics curriculum included arithmetic, algebra, and geometry, as well as courses in methods of teaching mathematics. The instructor was Miss Lillian A. Lee who remained at the college until 1886.

Miss Celestia S. Parrish joined the faculty in 1887 as mathematics teacher. During her five-year tenure, trigonometry and a short course in astronomy were added to the curriculum. In 1893, Miss S. Gay Patteson replaced Miss Parrish. Astronomy was dropped from the mathematics program and added into the physics course. The same general mathematics curriculum remained in effect through 1900.

The responsibility for teaching mathematics to the thousands of students who passed through the college from the early 1900's to the 1940's rested upon the capable shoulders of Miss Lila London and Miss Carrie B. Taliaferro. In 1948, Dr. Ethel Sutherland joined the department and soon after was appointed chairman.

The 1956 college catalogue lists the mathematics department faculty as Dr. Ethel Sutherland, chairman, and Mrs. Ann DeMuth. The curriculum that year included General Mathematics which was open to all students; mathematics for prospective teachers on either elementary or high school levels; Business Mathematics which was required for a degree in home economics or business education; Fundamentals of College Mathematics; Analytic Geometry; Solid and Plane Geometry; Statistics; College Algebra; The Differential and Integral Calculus; History of Mathematics; and Use of Mathematical Instruments.

In the fall of 1956, Dr. Blanche C. Badger came to Longwood and a year later was appointed chairman of the mathematics department. Under her "guiding hand" the department has experienced 15 years of steady growth. The staff now totals 14, and the requirements for a degree in mathematics have been increased from 18 to 31 hours beyond the freshman course (a total of 37 hours). Courses such as Advanced Geometry, Abstract Algebra, Calculus III, Differential Equations, and Probability and Statistics have been added to the list of required subjects. The mathematics major today may also elect such courses as Advanced Calculus, Computer Science, Analysis, Topics in Algebra, and The Introduction to Topology.

"We have certainly made progress over the last 15 years or so," Dr. Badger stated in a recent interview, "but I must say that the aims of the department have changed very little. We are still preparing students to teach mathematics, to study in mathematics on the graduate level, and to qualify for positions that require some depth in the subject."

Other departmental aims include working with state supervisors and teachers to improve mathematical instruction throughout the state and striving for excellence in the instruction of all courses taught in the department.

"Until very recently," Dr. Badger stated, "we had only one doctorate among our staff. Because of the general scarcity of doctorates in the mathematics field, it was our feeling that if we were going to have Ph.D.'s in the department we would have to grow them ourselves! At the present time, we have two Ph.D.'s, two Ed.D.'s, and two doctoral programs in the final stages."

According to Dr. Badger, two factors have contributed greatly to the development of the department. The first of these is the emergence of the "new math," which has existed on the graduate level for decades but had to proceed down through educational strata. Thus, the college and high school curricula were based on requirements for advanced work. Even the course of study for kindergarten-through-third-grade was designed to make use of new mathematical terminology and, by using the spiral system, to introduce the young student to mathematical concepts.

Another factor in the department's growth is the increased knowledge in mathematics that has occurred over the last 25 years, probably brought about by the scientific boom in this country. Dr. Badger pointed out that her department was very popular with the National Aeronautics and Space Administration when it was headquartered in the Norfolk-Hampton area.

"For a time, as many as five or six of our graduates each year went into NASA's program," she said. "Of course, many of them moved on to Houston when the agency was transferred to that area.

"While, to date, none of our graduates in NASA's program have landed on the moon," she added, with a chuckle, "many of them have landed husbands with whom they work side-by-side in the program."

Now after 15 years of service as department chairman, Dr. Badger has asked that she be allowed to pass the administrative torch on to another. Dean Herbert R. Blackwell stated, "It is with great reluctance that I must accede to Dr. Badger's request to be relieved of her administrative duties. Her successor will face a challenge in continuing the high standards which she has set."

Named recently to succeed Dr. Badger was Miss Merry Lewis Allen. Miss Allen is currently completing her dissertation for her doctorate from the University of Virginia. She did her undergraduate work at William & Mary and holds M.Ed. from the University of Virginia and M.S. from the University of Illinois. She joined Longwood's faculty in 1960 as an instructor of mathematics. Active in the field of mathematics, Miss Allen received a National Science Foundation Fellowship and a grant for doctoral study from Longwood. She is a member of the college's Admissions Committee.

Dr. Badger, a native of Mountville, South Carolina, received her A.B. degree cum laude from Winthrop College, M.A. from the University of Tennessee, and the Ph.D. from George Peabody College. Before coming to Longwood, she held teaching positions at Ball State Teachers College (Indiana), Winthrop College (S.C.), New Mexico State Teachers College, McMurry College (Texas), Memphis State College (Tenn.), Florida State University, and Tennessee Polytechnic Institute.

Since coming to Longwood in 1956, Dr. Badger has held many positions of leadership in the college, the state, and the nation. She was director of the National Science Foundation Institute in 1960 and served in Washington as an evaluator of applications for Faculty Science Fellowships in 1970. As a frequent speaker, she has been active in both the National Council of Teachers of Mathematics and the American Mathematical Association. Adviser to Longwood's Lychnos Society for a number of years, she has served on a variety of faculty committees and chaired the Purpose of the College Committee and the Faculty Research Committee. She has written articles for **Peabody Reflector, School Science and Mathematics** and other publications.

A member of Delta Kappa Gamma and Kappa Mu Epsilon, Dr. Badger has been listed in **American Men of Science, Leaders in American Education, Who's Who in American Education, Achievements of One Thousand Women, Personalities of the South,** and **International Biographies.**

MISS PATRICIA CLOONAN

Miss Patricia Cloonan, class of '71x, of Waynesboro was admitted into two previously all-male honorary societies at the University of Virginia prior to her graduation from the School of Nursing last June.

She is the first woman to be inducted into Tilka, a ribbon society whose purpose is to recognize those persons who have made a significant contribution to the University. She is also one of a very few women who have been admitted to the Raven Society, of which Attorney-General Andrew P. Miller and many other distinguished Virginians are members.

During her senior year, she was president of the University's School of Nursing and was selected as the most outstanding student in the graduating class.

Longwood College takes great pride in Pat's accomplishments since she completed her two-year pre-nursing course here. Dr. Elizabeth B. Jackson, director of Longwood's pre-nursing program, states that "Pat has been recognized not only for her outstanding academic performance and achievements in her field but also for her qualities of leadership."

GRADUATE ASSISTANTS

A few graduate assistant scholarships will be available for 1972-73 in the Dean of Students Dept. Applicants must have been accepted for graduate study; they will serve as assistant head residents in specified dormitories; they may carry nine hours of class work and will receive a stipend of $1,650.00 per year plus tuition. For further information please write to Dr. Ruth B. Wilson, Dean of Students, Longwood College, Farmville, Va. 23901.

DR. ELIZABETH BURGER JACKSON

Dr. Elizabeth **Burger** Jackson, professor of natural sciences at Longwood, accompanied the United States Field Hockey Team on a 22-game world tour this summer, stopping in England, Qatar, Ceylon, Singapore, Australia, New Zealand, Malaysia, Hong Kong, and Honolulu.

The prime purpose of the tour was to attend the two-week International Federation of Women's Hockey Associations Conference in Auckland, New Zealand. Thirty-two nations hold membership in the I.F.W.H.A. and 16 national teams participated in the conference games.

Dr. Jackson was one of the two delegates representing the United States Field Hockey Association. While on tour, the Jacksons also visited schools, colleges, universities, museums, planetaria, and observatories.

A member of the United States team from 1936 through 1956, Dr. Jackson's career as a hockey player included international matches in Guiana, South Africa, British Isles, Australia, New Zealand, and Fiji.

A member of Longwood's faculty since 1937, Dr. Jackson holds B.S. and M.A. degrees from the College of William & Mary and the doctorate in education from the University of Virginia. Her special academic interests include science for elementary teachers and Longwood's pre-medical curricula which she directs.

OUTSTANDING TEACHER AWARDS

Longwood is very proud that Virginia **Kemp** Rowe, class of 1937, was chosen as the 1972 Virginia Teacher of the Year. Mrs. Rowe teaches at William Walton Elementary School in Prince George County, and was selected from a group of 13 nominees submitted by the school systems throughout the state. Mrs. Rowe said that she makes a special effort to arouse a student's curiosity and stimulate discovery of the world around him. The award is given annually to an "exceptionally skilled and dedicated teacher" in kindergarten through grade 12 who is planning to continue in teaching. Congratulations to Virginia **Kemp** Rowe!

Mrs. Marguerite **Snell** Trent, chairman of the science department at Douglas Southall Freeman High School, Henrico County, Virginia, was presented the 1971 Distinguished High School Teaching Service Award of the Virginia Section of the American Chemical Society. She was graduated cum laude from Longwood College in 1939 receiving a B.S. in science and history. In 1967, she received her M.Ed. in Science Education from the University of Virginia.

Her principal described her as a teacher who: humanizes teaching and learning; is a leader of teachers and students; gives individual attention to her students by accepting them where they are and carrying them as far as they are capable of going; and uses inventiveness in motivating teachers and students to produce activities and projects of quality. Mrs. Trent goes about her work with students, administration, and other teachers in a quiet but effective way. She is highly respected by the faculty and students.

Greetings! I really wasn't happy about having to gather news from 122 of you, but I am truly glad I did; I have thoroughly enjoyed your letters. I am glad so many who replied are planning to attend our 50th reunion, and I hope more of you can join us. From the addresses we are surely scattered throughout the USA; many of us, however, have returned to our former homes in recent years since we have retired.

Gwendolyn **Wright** Kraemer has returned to Norfolk where she and her sister live together. She keeps busy with church and family. Her daughter, Emily Sue, is married and working in Richmond with A. H. Robins. Annie Gannaway has retired and is living with her sister at "Red Oak" in Cumberland, her "ancestral farm home smothered with century-old boxwood." Annie is an avid bottle collector and loves to garden, fish, refinish furniture, crochet, do crewel embroidery and needlepoint. She attends "auction sales at the drop of a hat" and also meetings of UDC, DAR, and a historical society.

After living in Atlanta for 30 years, Elizabeth **Finch** Vest has bought her grandfather's home in Boydton; and says "the doors stay open to welcome" her friends. Elizabeth Vaughan taught in Danville and, after serving as principal of a consolidated high and elementary school in Prince William Co. for 21 years, she returned to Amelia Co. where she was supervisor of schools until 1966. She has now retired and is living with her sister and brother at their home in Amelia.

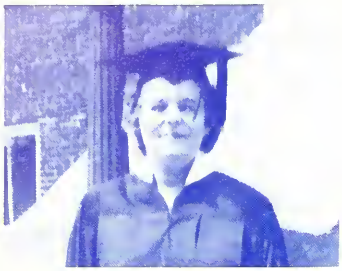
Mary S. Simmons, after teaching for 43 years, has retired and is living in her hometown of Disputanta. I enjoy seeing her and Mary **Sutherland** Young at meetings of District D Retired Teachers. Next year we will welcome Ruth Webb to our group; she retired in June after teaching in Petersburg schools. Omara Daniel, retired, is with her sister in Keysville where Alise **Harris** Rahily now lives. Omara and Clarrene **Brite** Bell, who lives in Elizabeth City, N. C., helped us with lost addresses. Thanks.

Nell Gill returned in April from a 5-week trip to New Zealand, Australia, Fiji, Tahiti, and Honolulu. Her work at Berea College is very rewarding, and she is listed in the 1971 edition of Personalities of the South "in recognition of past achievements, outstanding ability, and service to community and State." Sarah Stubblefield, after 43 years of public school work, has been teaching for the last 8 years at York Academy, a private independent school under the control of the State Board of Education.

Mary S. Bassett, while teaching in Pittsylvania and Henry Co. for 8 years, worked for her BS degree at Lynchburg College and UVA. Then she completed work for both BS and MS degrees in library science at Peabody College and Columbia Univ., and she served as librarian at Southern Christian Institute in Miss. and at Lynchburg College. Since her retirement she has been part-time Reference Librarian for Lynchburg Public Library. Her opportunities for travel included Mexico, the Caribbean, Europe, and Asia with a most interesting experience as exchange librarian in Edinburgh, Scotland.

Antoinette Parker, too, is still working in a part-time job in Stratford College Library. She retired in '67 from teaching for 16 years in George Washington High School, Danville, and 20 years at Averett College. Hope **Drewry** Fuqua went to W & M for her degree and taught in high school in Surry. She married J. Winston Fuqua in 1933 and has continued to live in Surry. She lost her husband and older son; but the younger son, William, lives with his wife and two children in North Augusta, S. C. Hope is active in the United Methodist Church, Woman's Club, and OES of which she is past matron (Laurel Chapter).

Eleanor **Brooks** Manry married soon after our graduation. They have a daughter, a granddaughter who was graduated from Univ. of Tenn. in June, and a 12-year-old grandson. She and her husband are enjoying their hobbies since his retirement; she is keeping up her painting. Bess **Rush** Jewesson taught in Va., N. Y., and Calif., but now she and her husband live in an active adult retirement community in Oceanside, Calif. Their son, Kenneth, teacher of Printmaking and Lithography, and his wife and two sons live in Santa



Copelia **Dixon** Snead, '22

Barbara, Calif. She'll be too far away to join us in our reunion.

Sallie Mae **Gray** Gillespie has bought a home in Bradenton, Fla., where she is active and is planning to do organizational work. She may be able to join us in '72. Her daughter, Mrs. Frewer Wilson, Jr. of Lynchburg, has two sons in high school and college; her son Robert, Jr., who lives in Ft. Smith, Ark., has a son and daughter who is Sallie Mae's namesake.

Helen **Rogerson** Page and husband, Herman, are in North Palm Beach, Fla. Their daughter, Jane, and husband, David Rothwell, have 3 children and live in Charlottesville; the oldest, David, is married and in Marine Reserves; Roger has completed 2 years at West Point; and Rhonda is 13 years old. Another daughter, Bettie, and husband, Charles Hatcher, live in Neptune Beach, Fla.; their children are Page, who has completed a year at Annapolis, and Elizabeth, who will be a H.S. senior next year.

Helen **Black** Gibson taught in Va. and Tenn. until her marriage in 1925. Her husband was with Tenn. Eastman until his retirement. Their son and daughter, both graduates of East Tenn. Univ., live in N. J. Helen has 4 grandchildren. Her son is now working with Harcourt Brace's "Instructor" which I am sure many of us used in our teaching. Helen has "run the gauntlet" of church, Woman's Club, PTA, DAR, and bridge club activities. Remember how she played the big bass violin in Miss Munoz's orchestra!

Inez **Agee** Hogg taught in Williamson, W. Va., where she married William Hogg, a practicing attorney. Since 1940 they have lived in Columbus, Ohio, and have an apartment in Ft. Lauderdale, Fla. Their daughter, married to Dr. John Pixley, and three grandchildren live in Winston-Salem, N. C. Inez and Bill have had wonderful trips to Europe and the Orient and interesting cruises. At the time of this writing, they were packing to go to the American Bar Assoc. meeting in London.

Garnett **Henderson** Gray is now housekeeper and retired teacher after 26 years of service. At present she is substitute teacher in Lynchburg, Amherst, and Bedford Co. Her husband was Joseph L. Gray. One son, married and father of two boys, lives in Perrysburg, Ohio, where he is professor of German at Bolling Green Univ. He has had interesting experiences abroad both as a student and as a guide and teacher of foreign languages to American students traveling to Switzerland. Garnett's younger son, Chief Petty Officer in Naval Reserves, works with G. E. in Lynchburg; he also has two children.

Lota **Couk** Moring and her husband, living in Greensboro, N. C. celebrated their 46th wedding anniversary in June. Congratulations! They have 6 children — all college graduates — and 13 grandchildren from 2 to 19 years. Lota was selected by the Greensboro Woman's Club in 1961 as Mother of the Year. She sent a clipping of the outfit she made for the Club's Fashion Show and on which she won first prize.

Copelia **Dixon** Snead has retired after 26 years of teaching experience. She received her degree in elementary education at Appalachian College, Boone, N. C., in 1950. She and her husband Edwin live in Richmond where she's a member of our Longwood Alumnae. Her niece, Mary Elizabeth Dixon, is a junior at Longwood. Lavinia **McCarty** George and husband Herbert Lee live at Weems; and she is having a challenging and rewarding experience as Supt. of Campbell Memorial Presbyterian Church School. Lily **Thornhill** Reams is living in the Williams Home for Retired Women in Lynchburg. She writes that Edley **Andrews** Robertson and her husband Lynn live in Danville. Edley's granddaughter and namesake is attending Longwood this summer and is enrolled for the coming year ('71-'72).

Betsy and Marshall Gray, grandchildren of Garnett **Henderson** Gray, '22

Nancy **Crisman** Quarles and her husband Garland retired Supt. of Winchester Schools, had a trip to Great Britain in '66. They and their son George live in Winchester; their daughter Nancy **Quarles** Moore '57, has two children: Nancy Katherine Salome and Kevin. The two Nancys will attend Founders Day in 1972. Lillian **Williams** Turpin's husband Lee has retired, and they have traveled a great deal. Both are active in the Presbyterian Church in Wytheville, and she does DAR work. Their daughter, Mrs. Nicholas Oglesby, husband, and four children live in Alexandria. We welcome Belle **Farrar** Farmer to our group; she completed her work in the summer of '22. Belle retired three years ago to visit a daughter in Hawaii. She has two other daughters, one of whom, Jeanne **Farmer** Maxwell '51, teaches in Richmond. With 9 grandchildren, club, church work, and gardening, Belle is busier than ever. Lucy **McIlwaine** Edmunds married Thomas, a year after graduation, and they have lived at McKenney where she keeps busy with church and family. Their four children are married, and there are fourteen grandchildren.

Catherine **Brooking** Priddy went back to teaching in the fall of 1953 and taught until the end of the school year in 1968 when she retired. Since then her husband has died, and she has become a hostess at the State Capitol, a position which she just loves. Etta Belle **Walker** Northington received her degree from W & M where she met her husband Hawk. Her activities over the years have been quite varied — from president of the Virginia Federation of Women's Clubs to board member of the Virginia Division of American Cancer Society to member of a governor's commission to study state welfare problems, to active work with the Episcopal Diocese of Virginia and her own church. She and Hawk have now settled into an adult community in Montgomery Co., Maryland. They spend about two months annually traveling, usually to Britain or the Continent. Jettie **Bryant** King and her husband Richey have realized a life-time dream. "We have traveled the globe, visited every continent, many countries, every big city in the world, every natural wonder, and most of all 'America the Beautiful'."

As for me, I've been in and out of Longwood both winter and summer since 1922, and I sometimes forget who was in which class. I completed my degree requirements there and had a year at Columbia Univ. I retired from a principalship in 1967 after 44 years in public schools of Va. — 7 of them on the faculty at Longwood. (I had forgotten until I got out my annual for this newsletter that our Class Prophecy predicted that!) These retirement years have surely been busy with Methodist Church responsibilities, Hospital Guild, and DAR of which I will be Defense Chairman next year.

Nancy Quarles says, let's write our friends a special invitation to meet us at Founders Day in 1972.

Degree Class of 1934
President:
Margaret Parker
(Mrs. R. L. Pond)
724 Riverview Dr.,
Suffolk, Va. 23434
Alumnae Secretary:
Mary Berkeley Nelson
Box 258
Manassas, Va. 22110

Greetings from the Class of '34 which appears to be one of the proudest "grand-

mother" classes! Of course, Helen Westmoreland and Berk Nelson are still school teachers; but, then, somebody has to keep up the old-fashioned educational tradition!

Margaret "Grit" **Parker** Pond says that her three children are married and have "flown the coop," but there are four grandchildren to spoil. Gertrude **Sugden** Rogallo has four children who, too, are scattered across the country. However, they recently had a reunion at Kitty Hawk, N. C. There were three grandchildren present. Nancy **Harrison** McLaughlin reports on her two children and three grandchildren. She and Sam are engaged in raising beef cattle on their farm in Rockbridge County. Virginia "Honey" **Hamilton** Evans and her husband are now retired and living in Petersburg. Mary Easley **Hill** Steger and Jimmie have turned over their drugstore in Covington to their daughter, Fran, for her gift shop. Her young grandson looks after Mary Easley, and her son is now in his third year in the Air Force.

Helen Westmoreland vacationed in Florida; she hears from "Grit" **Parker** Pond quite often. Mary Berkeley Nelson is finishing her 36th year teaching, and the only interest of note is that it has been confined to only one school! Laurine **Billings** Stevens said, "I haven't received any honors, or been out of the state of Virginia, or married a millionaire . . .". However, she is to be congratulated upon remaining in the Longwood tradition of teaching.

I sneaked this in on Helen Westmoreland: I have a great nephew whose grandmother and aunt (not me) are Longwood alumnae. I'm sure that, if not grandchildren, Helen must have more nieces and nephews than I have. I trust that Frances Horton and Edith Shanks are keeping the grandmothers straight in their part of the state!

Jessica Jones
(Mrs. F. Godfrey Binns)
Box 14, Glen Allen, Va. 23060

Nancy **Burguyn** Leake and Frances **Dorin** Mears, Dip. '33, are still the close friends that they were during their days at Longwood. The two of them toured England in July along with Nancy's daughter, Susan (Hollins, '64) and a friend of Susan's. Nancy's son was graduated with honors from Hampden-Sydney in '68, and he is now in his senior year at MCV, studying medicine, where he took eight honors at the Honors Assembly last June. Nancy says we should all know that he gets his brains from his father; her "dividend baby" did not arrive until 1957 and she is now a student at St. Catherine's in Richmond.

Lulu Gravely has been in office work since 1942 and recently received a fifteen-year service pin from the city of Martinsville where she is employed in the office of the Commissioner of Revenue. She is active in church work and in the UDC and has many hobbies, including collecting stamps, antique vases, and miniature Early American objects.

Emma **Littleton** Parker wrote from Virginia Beach where her daughter and grandson share her home. Since her husband's death ten years ago, Emma has worked at the Thunderbird Motor Lodge. She would love to make contact with her old "roomie", Helen Rose **Cunningham** Moore, '34.

Alice **Strock** Power has acquired two additional degrees since leaving Longwood, the master and the specialist. For nine years she has taught English at Western Kentucky University in Bowling Green, Ky., where her husband is head of the Department of Secondary Education. Their daughter lives with her husband and son in Orlando, Fla.; their son, recently married, is a 2nd Lt. in the Air Force, stationed at Chanute Air Force Base in Urbana, Ill.

Katharine **Walton** Fontaine will have two sons at UVA during the '71-'72 session. The older will be a junior, and the younger will be entering the School of Architecture. Katharine retired for the third time in June from teaching at Thomas' Jefferson High School in Richmond.

Mary **Wicker** Irving spends the summers in Cartersville and the winters in Richmond. Her husband teaches in Chesterfield County. Mary taught for a number of years but is now enjoying being a homemaker. She has taken many interesting trips, including several to Europe.

Charlotte **Young** Delano has lived in Tullahoma, Tenn., for seventeen years where her husband is involved in the testing and development of aerospace vehicles. Their only son is in graduate school at Georgia Tech., studying nuclear engineering. Charlotte has not taught since 1942.

Jessica **Jones** Binns is sharing the pleasure with her older son and his family as they watch a new home being built. Her younger son was made an officer of the Bank of Virginia in the fall of '70, about a month before his first child was born, making Jessica a grandmother for the third time. Jessica and her husband took a wonderful cruise to the Bahamas last Easter.

Mamie **Barns** Barham, secretary with the National Park Service in Richmond, writes, "My husband Emmett and I lead the normal routine life — nothing exciting or 'newsy'."

Katherine **Coleman** Allen says she's been a "busy retiree" since September, 1969. Her husband, having completed thirty years with the Government in Washington retired and moved to Venice, Florida, where their daughter also lives. Katherine adds that hers has been "a happy and rewarding life as wife, mother, and now grandmother of a most adorable six-month-old granddaughter."

Other grandmothers are Christine **Childrey** Chiles, Fanny **Bosworth** Gilliam, Sallie **Carter** Griffin, and Belle **Lovelace** Dunbar. Christine, who has four grandchildren, works at the Garden Center which her husband manages in Richmond, is chairman of the flower committee at her church, and president of her garden club.

Belle, with three grandchildren, writes, "We have had a rewarding year here with a brand new grandson in residence with his mother while his father had his year in Viet Nam. The three are now together — safe and unscathed — in the Army Complex of Fort Riley in Kansas — and Frank and I rattle around at home without them." She continues, "In the spring we had two delightful weeks in Portugal and Spain — and of all things! — ran into 'Red' **Riddick** Rawls, Dip. '34, and husband in a Spanish restaurant one evening. Had a noisy reunion!"

Fanny, with two daughters and two granddaughters, has been teaching for twenty-seven years (Latin in the Hopewell City School System). Now she is "happy teaching and cooking and living on the James River." Sallie writes of her two sons: the younger, with a B.S. in Electrical Engineering from VPI, works in Portsmouth; the older, with a master's degree in Special Education from the Univ. of Iowa, has taught in Fairfax County and in Md. and begins work with the State Department in N. C. this fall. He is married, has a son and a daughter. Sallie has taught elementary school in Norfolk for many years.

At the other end of the state (Shawsville), Lena Mac **Gardner** Sammons teaches history and government in the local high school. Her daughter will be a junior at W & M this fall; her son graduated from there, now works in Lynchburg as a City Planner. Lena Mac has taken graduate courses at VPI, Chapel Hill, W & M, and UVa. Lucille **Jones** Clarke, who has been classroom teacher and principal, is now Speech Consultant and Assistant Supervisor of Special Education with the State Department of Education in Richmond. She is listed in **Personalities of the South** and travels throughout the state.

Kitty **Bass** Shoffner, still teaching in Danville, writes that the most exciting event in her life this past year was her son's returning home after four years in the Navy. He's back in college — with a 4.0 average to his credit last session. She's also proud of her husband who paints as a hobby wins prizes, sells pictures. Kitty says of the death of her older son ten years ago: "That was the darkest thread in our pattern of life."

Others have had dark threads, too. Margaret **Gilmer** Seay has been a widow for 7 years. Each winter she is housemother for Delta Tau Delta Fraternity at Washington and Lee. She writes: "I'm living in an old house (165 years) that belonged to my husband's family. I close it during the winter when I go to Lexington. My children are grown. My daughter has been teaching Indian children in Window Rock, Arizona. My older son graduated from VMI last June and is in the Army now. My younger son is attending Episcopal High School in Alexandria."

Lady **Boggs** Walton also is a widow, her husband having died in July, 1970. Lady has been an outstanding librarian in Albemarle County — is listed in **Who's Who of American Women, Who's Who in Library Science,** and **Who's Who in the South.** She decided on an early retirement this June "to take care of farm and travel a bit, etc."

Eleanor Currin, who plans to retire next year (the past twenty-four years she's been

teaching English in Alexandria), is probably already the most widely traveled one of us. She's been to all the states in the U.S. except Alaska; twice to Europe, Canada, and Bermuda; on a visit to Mexico, on a Caribbean cruise, on a three-month trip around the world. Teaching, traveling, working in civic organizations and the church (as many others of us also do), gardening, taking care of the house she bought in Alexandria almost twenty years ago, browsing in historic Alexandria and Georgetown — what a busy life Eleanor leads!

Bernice Fretwell, who stopped teaching in 1945 and then worked in the Federal Reserve Bank in Richmond until retiring, says the most exciting event in her life last year was buying "a small home in Richmond to retire in." She, too, has been traveling — to Europe, to Jamaica.

Elizabeth **Vassar** Pickett returned to teaching last fall after an absence of six years (three doing graduate work at the University of Virginia, three recuperating from a spinal operation). She and her husband decided to build a new house on the exact site of their old one, for they want to live nowhere except under those huge beech trees, so they are spending the summer "camping out" in a cabin in the back yard and hoping the builder betters the October 15 date he's set for completion of the house.

Marguerite **Rollins** Boyle and her husband are enjoying country living at their place called "Holly Point" near Yorktown. 'Rite is active in church work, and they enjoy boating, fishing, and golf'.

"Mary B." called and asked me to get this invitation to Class Reunion next spring in to the Alumnae Bulletin. I checked the roll and found that of the 118 listed, 91 live in VA.! And 10 are listed "address unknown." On this, our 35th anniversary, we should have a large number attending. Do you remember that the Class of '37 celebrated the Golden Anniversary of Longwood (Farmville to us)? This year will be the 88th Founders Day celebration on March 18. On our 15th reunion we had 37 present which we thought was fine. How about 88 this time?

Virginia **Leonard** Campbell, our class vice-president, is quoted as calling us the "middle generation" — busy taking care of old folks and grandchildren. **That** we are. Let's take time-out and do some reminiscing. Our favorite "essay" on Grandmothers (by an 8 yr. old) states that "Grandmothers are the only people who **have got time."**

I had the pleasure of assisting at the formation of the Mecklenburg Chapter of Alumnae at South Hill last year and enjoyed our classmate Elizabeth **Shipplett** Jones, alumnae director, as she presented the "new" Longwood in beautiful slides and glowing words. Her wonderful personality and lovely smile won our young people as well as the alumnae gathered for the event. Liz and Cleve live in Buckingham County and have a son and daughter. A successful tea has held in Chase City in the spring for "prospects". Some of our members bask in reflected glory, such as Dorothy **Price** Wilkerson whose husband is the W.W.W. Director of Education of our State; and Lloyd **Kelly** Barnes at West Point whose brother Dr. William Kelly is President of Mary Baldwin College. We sympathize with Martha Glenn **Davis** Tyler in the loss of both parents in the past year. We regret to report that Chick **Dortch** Nelson had a bad break in her right arm and will not be doing any writing for quite a while.

Let us close on the very happy note of wishing our president and "erst-while" alumnae class secretary, Mary B., the greatest happiness in her recent marriage to James A. Rosenstock. May I suggest that every member of the Class of '37 who reads this please write Mary B. at least a card, and the next time this Bulletin is published we will have a pile of news.

See you March 18!

Those who attended our 30th year reunion last year enjoyed seeing those who returned. It was fun catching up on news as many had not returned since our reunion in 1965. We truly missed our president, Jane. She sends her love and says she surely missed attending the reunion. Her son Rob is married and works for IBM in Denver. Powell expects to transfer to Western Ky. Univ. in the fall, and Tom will be a junior at Hampden-Sydney.

Elizabeth **Kent** Willis died July, 1970. Her husband called to tell me this and to say how much she had enjoyed reading about her classmates in the Bulletin. Two of their sons have finished college, and another enters VPI in the fall of 1971. The daughter of Mary **Mahone** Grannis wrote to say she is now living in Antwerp, Belgium, where she is teaching at the International School. This has given her an opportunity to travel a great deal. She has spent Christmas in Spain and has been to Russia.

Evelyn **Burford** Richeson is now living in Japan where her husband is serving in the Army. Her son and daughter are married, and another son is attending W & M. Helen **Jeffries** Miles is quite excited about her new granddaughter Suzanne; girls are scarce in their family. Helen, her son, and daughter-in-law all received their master's degree in 1970! Teaching English at VPI and being president of the Va. Tech. Faculty Women will keep her busy with the up-coming Centennial at the university. Myra **Smith** Ferguson is acting Coordinator of the Physical Education program for the city of Hampton schools while Warner is winning many trophies with the pigeons he is raising. Her son is serving as Aide-de-Camp to General John Pierce in Germany. Another son is at VPI. Myra and family toured the New England States last summer and visited the Goodspeed Opera House in Conn. where Harriette **Haskins** Eubank's, '41, son was technical director.

Laura **Morris** Burrows and husband spent several months touring the U.S. in a camper on their way to visit their son in Calif. Another son is in the service in Germany. Marion **Shelton** Combs' youngest daughter Martha is at Emory and Henry College. Her other daughter and son live in Richmond; this gives her a chance to see her 4 granddaughters often. Emil **Ellis** Wood and Dot **Fischer** Mangels got together when she and her husband were on their way to Europe and their paths almost crossed again when both families were visiting the Bahamas. They have also visited with Pat **Gibson** Stewart who lives in Arlington. Theo Smith took a plane trip around the world and attended the Baptist World Alliance, World's Fair, and the Passion Play while on the trip. She is serving as District E Retired Teachers Assoc. president which plans "get-togethers" for the area members. They recently returned from a trip to Atlanta for the Dogwood Festival.

Kathryn **Newman** Bageant and husband brought the Fountain Motel on Rt. 29. She and family did take time from the motel in Jan. for a trip to Hawaii. She has 3 granddaughters. Martha **McCorkle** Tennant has her first grandchild — a boy. Jerry **Hatcher** Waring is still on the go even with her youngest, Carol, at VPI. She works for Avon and has just returned from a trip to N. Y. Anna **Maxey** Boelt has visited Jerry several times on her way to see her daughter who is attending Radford College. She graduated from Chowan Junior College and is now studying Library Science at Radford. Mildred **Harry** Dodge has moved to Wyslising, Pa., where she is teaching home ec., and has received her masters from Penn State Univ. Her son has received a degree in forestry.

Rosemary Howell planned to attend the Am. Home Ec Assoc. meeting in Denver this summer. She is Coordinator of Home Economics in Henrico Co. Lorana Moomaw had a marvelous time driving the Lincoln Heritage Trial last year and is looking forward to driving this year to Mexico. In 1969 she toured 11 countries of Europe. Isabel **Williamson** Hoyt plans to move her family back to Lexington. Her husband, who was Director of Perth Amboy General Hosp. and the Regent from N. J. of the Am. Hosp. Administrators, died in Feb. She has a grandson who lives in Mass. Anne Hurte **Ross** Snead is a counselor at Mosby Middle School in Richmond. Both her daughters are married, and her son is attending VCU. She enjoys babysitting with her grandson. Lula **Windham** Hannaway sends regards and hopes to be able to attend a reunion some day.

Grace **Waring** Putney expects to visit the west coast when her daughter, Lee **Putney** Pemberton '64, has her 2nd child. Lee's husband finished dentistry at MCV and will be at Madigan General Hosp. A son

and daughter have graduated from VPI, and another son attended VPI. Her husband has been elected District Governor-elect of Rotary International, and she expects to accompany him on most of his trips. Last year they spent 17 days driving over Morocco and had just returned from two weeks in France and England. Dorothy **Goodwyn** Roberts has been teaching language arts in the 4th grade at Burkeville. She and her husband enjoy their 2 granddaughters and are look forward to a trip to Puerto Rico and the Virgin Islands. Alice **Moyer** Houpe has just finished two years as president of the Women of the Church in Farmville and is serving on the Board of Governors of her woman's club. Son Don has returned to UNC to work on his Ph.D. in Linguistics. He has a MA in French from McGill Univ. in Montreal.

I am still serving on the Va. Rural Safety Council as president, Rural Affairs Study Commission, Va. Women Highway Safety Leaders Board and Va. Federation of Home Demonstration Clubs Board. My husband and I are looking forward to visiting Europe this summer.

Dear Classmates,

It certainly was wonderful to get back to Farmville for our 30th reunion. There were about twenty of us who made it back including "Charlie Hop". Some were only able to stay until after the noon dinner on Sat. Jane **Jones** Andrews gave the rest of us the grand tour of the campus which I sure enjoyed and we had supper at the Weyanoke Hotel that evening after which we saw the H_2O Club swimming show. We spent the rest of the evening at Jane's home where we had a most enjoyable time visiting and chattering and filling in the last 30 years.

At the noon dinner I was asked to be our class alumnae secretary and I promised to try. Now that postage rates have gone up, how about making a note on next year's calendar to drop me a line with your news about July 15 or to the alumnae office if you have forgotten my address. It is Inchelium, Wash. 99138.

Caralie **Nelson** Brown and her husband live in Raleigh, N. C. Their oldest daughter graduated magna cum laude from Duke Univ. with a BA in religion. Their youngest daughter, Helen Ann, will be in the eighth grade this September and this summer participated in enrichment courses at St. Catherine's in Richmond. Caralie herself is adding hours at Duke, hoping to get a MAT some day. She will be teaching early western culture at Enloe High, and it will be her fifth year there.

Kathryn **Weaver** Glenn and her husband live in Saxis, Va. Wilson is in the seafood business and she has been teaching in Temperanceville Elementary School for the past 17 years. They have three children: a son, Wilson Seward, who is a police officer

Raymond Brown, husband of Carolie **Nelson** Brown, '41

in Ocean City, Md.; a married daughter, Pamela, who is living in Richmond; and a daughter who is a junior at Longwood College. Sara **Whisnant** Williams has decided to retire after 30 years of teaching, 28 of them in Winston-Salem Co. school system in the third grade at the same school. She and Bill work together in the church and enjoy the beauty and peacefulness of the mountains.

Marie **Allen** Burcher and family sold their house in Hampton, and are building on the York River. Linda, their daughter, is working on her Ph.D. at Johns Hopkins while her husband is working on his M.D. Marie's twin sons are juniors at VPI and U. of S. C. and are enjoying the summer as life guards at local pools.

Beverly **Blair** Henkel's son graduated from W & M and was commissioned a 2nd Lt. so Uncle Sam will be his boss a while. They had an exchange student from Scotland living with them while a student at William and Mary.

Dotty **Rollins** Pauly lives in Chagrin Falls, a quaint reserved town close to Cleveland. She is president of the Historical Society. Daughter Margaret is a sophomore at Albion College in Michigan and loves horseback riding.

Harriet **Haskins** Eubank will not teach this year and will really miss her five year olds. Daughter Ellen and her husband live in Columbia, S. She and her sister, Elizabeth, '43, will spend their vacation at "The Cabin", near Monterey. Ruby Ranson Reed is now living in Paintsville, Ky., so as to be near her son and his family. Daughter Peggy did research work at the Univ. of Hawaii this summer and is a senior at RMWC.

In her first year of retirement she visited her family who lived in other states, and now has more time to relax and in future hopes to go back to school for some summer courses. I visited Jack **Cock** Ferraro in Hampton. Their son and his wife live there and their daughter works in Washington, D. C. Ann **Cock** Bruno and husband and 3 children live near Philadelphia. My husband Carl is county commissioner and is on the intermediate school board. Son James will receive his wings next month in the Air Force. Fred will be a junior at Wash. State Univ. and Julia is a sophomore, also at Wash. State.

Thank all of you for your letters and don't forget to write next year. Come on, let's hear from more of you '41 gals. Expo "74" is to be in Spokane, Wash. so plan a side trip to Inchelium. We are halfway between the Grand Coulee Dam and the Canadian line on the west side of the Roosevelt Lake.

It was more like a class meeting than a 25th reunion, and it was hard for us to realize that 25 years had slipped by. The girls all looked wonderful and we thought surely we would win the cup for attendance but as usual, the old percentage beat us. Bessy was there in her red sweater and white skirt with saddle shoes and a rat cap — she even had the crossed hockey sticks on her sweater and was carrying a banner. She looked just like she did as a freshman and we all had a marvelous time singing "It's Red 'n White".

It was impossible to talk to everyone, but a group of us spent the weekend with Lillian **Elliott** Bondurant. We talked and passed pictures until the wee hours of the morning. Jane **Philhower** Young came from Atlanta; Pegg **Ross** Byrd from Raleigh; Bessy from Wilmington, Shirley **Cruser** White from Norfolk; Margie **Pierce** Harrison, Tallysville; Jackie **Ritchie** Perry, West Point; Jackie **Parden** Kilby from Chester and myself. Limited space in the magazine prohibits us from listing **all** those present, but the class picture will tell all.

Ruth **Brooks** Soyars has done a wonderful job as class secretary for the last five years and we all appreciate it so very much. Ann **Summers** Lumpkin was elected our new secretary, so please let her know if you have any news. The school looks so good and is growing by leaps and bounds. Everyone loves Dr. and Mrs. Willett and we were sorry that he was out of town. The old president's house is now the Alumnae House and we enjoyed the lovely coffee there and the tour of the beautiful home.

We've had several weddings this summer — Lillian **Elliott** Bondurant's son Tom was married in July, and Jane **Philhower** Young's daughter Sarah in August. Frank and I seem to stay busy and are so thrilled with our first grandchild, Ann Bellamy, born to our son Lewis and his wife who are at Hampden-Sydney. Mopsy and David are still in Chapel Hill where he is a junior in Med School. Hank had a busy summer with the senior little league team going through the different championships to the finals in the world series in Gary, Ind. They lost to the California Team, 1-0, but we had a grand time travelling with them for over a month.

I've written this for Ann, since she wasn't at the reunion. Please send your next news to her: Mrs. W. B. Lumpkin, Jr., 8332 Chelmford Rd., Richmond, Va. 23225.

With the help of fellow classmates, I was able to get a little news from some of you. With our 25th reunion approaching, we certainly want each of you to be at Longwood on that day. **March 18!** Before giving you the news, let me thank these girls for sending letters to classmates. Without their help, I could not have composed this newsletter. Thanks to — Gwen **Ackiss** Thompson, Sarah **Ballard** Jenkins, Lee **Carter** Wilson, Mary **Dickerson** Ellis, Jane **Glenn** Jones, Sarah **Hodges** Lee, "Heidi" Lacy Tokarz, Glennis **Moore** Greenwood, Ann **Pullen** Hamilton, Grace **Shriver** Wiggins, Catherine **Varner** Gordon, Doris **Burks** Stanley, Ann **Johnson** Thomas, Betty **O'Connor** Newlander, and Collen **Agee** Rixey.

Noting from the above address, Margaret **Ellett** Anderson is now living east of Cleveland, Ohio, in a lake development near the town of Chagrin Falls. Her husband was transferred in Feb. The children, all teenagers, have adjusted well and are getting acclimated to the snow and weather in general. She is wondering whether Betty **Minetree** Dauscher still lives in Menton, not far from where she lives. She hopes she can make it back to Longwood for our 25th. She sends best wishes to each of you.

Martha Russell **East** Miller's oldest son graduated from Hampden-Sydney in June and will attend graduate school at the Univ. of Penn. — Wharton Schol of Finance — in Philadelphia next fall. Their second son, Mike will be a junior at Hampden-Sydney in Sept. She finds being "the preacher's wife" a full-time job and a very satisfying one. She looks forward to seeing many of her classmates next spring at Longwood.

From Albuquerque, N. M., Betty **O'Connor** Newlander said she was serving as property chairman for the Garden Council Flower Show at the State Fair Building. They have only one son left at home and he will be a junior in high school and is quite interested in art. Their second son Alan is in the Army and is stationed at Fort Carson, Colo. He returned from Korea in April. The oldest son Davis is 24 years old and is a physicist at Kirland Air Force Base as a civilian employee. She became a grandmother last Thanksgiving when his son arrived. She serves as president of the African Violet Club, chairman of the mission work in the First Presbyterian Church, and is active in Garden Club work. Her husband Harold is in the dairy business, shipping ice cream throughout the Rocky Mountain area. He recently became an Inner Guard in the Elks.

Ann **Johnson** Thomas says, "Here is news from the Wild West (Wyo.) We are now the owners of a grocery store, laundry mart, over-night trailor park, and a self-service-gas-pump station in a small town. Frannie (name of town) is on Route 310, two miles from Montana, 50 miles from Cody, and 150 miles from Yellowstone Park. (Think you could find it, girls?) My girl is in the third grade with only twelve in her class. Hunting and fishing are real good." Ann says to stop by if you are making a trip her way.

Glennis **Moore** Greenwood is completing her 24th year of teaching home economics in Halifax Co. She has enough nieces and nephews, of whom she wrote, to more than keep her busy with summer visiting. Susie **Moore** Cieszko '43, her sister, has six children. Mary Lee **Dickerson** Ellis will begin her 25th year of teaching this fall. She and family moved into a new home on Monroe Bay in Westmoreland Co. several years ago. Sam, her husband, is manager of J. W. Masters, Inc., a building supplies store. Her two girls are Lynda, 9 years old, and Jeanne, 7 years old. She went with a group of FBLA students to Miami Beach to the National Leadership Conference in the spring. She and Sam are planning a trip to the Barbados Islands in the Caribbean in Jan.

Doris **Burks** Stanley's son Jim is a freshman at the Univ. of Richmond this fall. Their daughter Julie is a senior at Westhampton. Sarah **Ballard** Jenkins teaches third grade in Windsor. With three teenagers, a Sunday School class, and living on a farm, she is quite busy.

Earlye Lee **Palmer** Miller is principal of Easton Elementary School in Norfolk — grades one through seven. Earlye writes that Connie **Christian** Marshall, Grace **Shriver** Wiggins, Thelma Diggs Johnson, Phyllis Scherberger '48, Beverly Boone, and she were together on June 5 at her daughter's wedding at Royster Presbyterian Church. Earlye is a grandmother of Thomas Miller, III, who is one year old. The youngest child, Elizabeth, is a junior at Longwood.

Rachael **Brugh** Holmes wrote "I worked in the Learning Lab. for the past nine months and thought I was in for some relaxation and vacation this summer but I got Rosemary, our eldest, who is in the School of Nursing at Chapel Hill, off for Harrogate, England for summer's job in a research lab during June and July. Rachael, 17, spent six weeks in Luxembourg under the Experiment in International Living program. (Quite an honor to be selected from a high school group.) Jane, who graduated from St. Mary's in Raleigh (high school section) will return for the first two years of college also. George, Jr., plans to return to East Carolina in the fall. The twins will be 14 in July and are looking forward to being in senior high this year. Becky, 10, spent a month in Fla. with her godmother this summer. Johnny,

9, played Little League baseball and spent every free minute fishing. Shirlee, the baby, had a great first year in school. Papa George has been active in mental health work this past year. They all keep me busy, and our twin godchildren, 5-year-old girl and boy from Williamsburg, spent a week with us. We went to Camp Leach the last week of June and first of July, then George and I went to Kanuga in the mountains the third week of July."

Margaret **Sheffield** Ward lives in Suffolk and is working in the office of the Superintendent of Schools. Her husband Hiram was appointed postmaster of Suffolk this past spring. Her oldest son Doug will graduate from Campbell College next Dec. in Business Administration. Her youngest son Ronnie is a junior in high school. So far, he has been quite successful with his Honda, winning many trophies — and also lucky — his neck is still intact!, so his mother writes.

Virginia **Terrell** Leigh said both her children Jane and Carrington, graduated from high school this past June and entered college in the fall. Jane plans to attend Univ. of Ga. and Carrington entered Wofford College at Spartanburg, S. C., in Sept. Jane **Glenn** Jones is senior Home Service Adviser with Virginia Electric and Power Co. in South Boston. Son Glenn is a junior at Hargrave Military Academy in Chatham. "If all goes as planned I hope to arrange a leave from my teaching duties to join the Class of '47 on Founders Day. Our 16-year-old son, who is a golfing enthusiast along with his Dad at Topsail Sound, is at a cottage we have just completed. Donna, our 21-year-old, completed her M.A. degree at Chapel Hill this summer and has already signed a contract as ass't. professor of English and Drama at King College in Bristol, Tenn. If she can in any way associate teaching with being on the stage, she will greatly enjoy the experience."

Anne **Willis** Holden hopes to open a small Nursery School and Day Care Center in her home this fall.

Guess who sent this last note? I saved it until last because it is one all of you will appreciate. "Nothin' exciting ever happens to me. I haven't changed a bit since 1947 — except I have a little vertigo, wry neck, glass eye, tizzy, vapors, and acute mortification. Wonder what the next 25 years will be like?" From whom? Have you already guessed? Cab **Overbey** Field . . .

Now regardless of your condition, Class of '47, if we are to win that Jarman Cup (and you recall our class always believed in winning — green-and-whites, we were), you must be at Longwood on Founders Day, March 18, 1972!!

It was just great hearing from "the girls" this year. I wish my mail were always as interesting as it has been for the past few weeks.

Mary Lou **Bagley** Pickhardt is teaching in the same junior high school of which "Pick" is principal in New Smyrna Beach, Fla. I'll bet they have a peachy teacher-boss relationship! Mary Lou's oldest, Joe, is a junior at Mercer Univ., Macon, Ga., Anne was graduated from high school this year and is going to Daytona Beach Jr. College with a music scholarship. "Booty," 15, entered high school this year, and Lou is in the fifth grade. Mary Lou's mother still owns the Bagley Hotel at Virginia Beach, and they enjoy a visit with her every summer. Betty **Burchett** Almarode's card from Tallahassee was the kind of news I think all us would like to be able to send in. She, her husband, Dick, and their two children, Ricky and Jane, were leaving in July for Honolulu and then on to Java, Bali, and Bangkok for a week in each. Dick was teaching a course at each of the stops, and while he works, they sightsee and play. What a life!

Jane **Burchett** Womack writes with much enthusiasm about their new Raquet Club where husband Forrest, Clay, (12), and Betty (14), try to play tennis every evening. "The family that plays together, stays together!" The children also play the piano and swim. Betsy **Scott** Bane and Ned have two boys — Ned, Jr., a junior at VPI, and Jim in the ninth grade. Ned, Sr., is Director of Parks and Recreation and manager of the Philadelphia Phillies farm team. Betsy is teaching the third level in the ungraded primary school in Pulaski. They vacation in their travel trailer. Sounds great, Bets, with three men to wait on you. George Anne **Lewis** Hart lives in Petersburg, where her husband Kirby is a pediatrician. "My two Kirbys and I are golf enthusiasts and much of our spare time is spent playing it, watching it, and beefing about it!" Young Kirby is a sophomore at Louisburg College in N. C.

Virginia **Marshall** Walker and Chrystie have moved back to Va., after living for the past twenty years in various parts of the country. Rick (20), is going to college and working in Richmond. Laura (16), Mark (11), and Chrystie Anne (8), are all going to school in Chester, where the Walkers bought a home. Chris is a manufacturer's representative with his own firm — Walker & Associates. It's wonderful having them close by. Peggy **Moore** Womble and Bud and their three boys and one girl moved into a new home on seven acres of waterfront property on the Elizabeth River. She plans a visit from Gin **Tindall** Schilder and family soon. Jean **Edgerton** Winch is now living in Haddonfield, N. J., where her husband George has been transferred with Campbell Soup Co. They play bridge and work with their church groups and P.T.A. Jean is planning to teach again for the first time in 17 years in the second grade there. Their girls, Anne (16), Dawson (13) and Leah (8), stay busy with piano, church groups, choir and Scouts.

Martha Jean **Leavitt** O'Donnell is swimming and golf coach at Madison College in Harrisonburg, and her husband Jim is a school principal. Their boys: Dave, 16, and Jimmy, 14 are active in the high school athletics. Martha Jean says, "Longwood is the only college in the state that doesn't upset me when they win! For those graduates who have never returned to Longwood, they might be interested to know that the friendliness of the faculty and students has remained unchanged." Jean **Babb** Blackwell lives in Crawfordville, Ind. She and Price have five children. Their oldest son is a sophomore at W & M — a 6' 9" basketball center. Another son, 6' 5" and a freshman at Murray State Univ. is interested in football. A daughter is a senior in high school and then comes a boy 12 and a daughter 9. Jean taught swimming to retarded children this summer and vacationed on a houseboat on a Kentucky Lake.

Nancy **Hughes** Robinson lives in her hometown, Mullens, W. Va., and like many of us, has been called on to substitute for the last few years. Their two daughters, Jill and Jenny like to play tennis and swim. Martha **Stringfield** Newman lives in Aylett, and she and Tom have two children: Susan, 10 and Steven, 7. They are busy with the P.T.A., civic meetings, and especially in their church. Martha helped with the Girl Scouts last winter. Helen "Woodie" **Fifield** Helm spent a few days with them last fall. Addie **Dod** Wilkerson and Bob live in Eden, N. C., where Bob is a Fieldcrest engineer. Their daughter Mary 16, is interested in all sports. Son Robert, III, has completed a basketball clinic.

Harriette **Sutherlin** Overstreet and Jesse live in Clarksville and have two children. Mary Marshall is a freshman at Westhampton with all kinds of honors from high school (editor of the school newspaper, honor graduate with National Merit Award, etc.) Robert is in the eighth grade at Halifax Academy, and his pet love is hunting (like his father!). They had a nice trip to New Orleans recently. Jesse has his own plane, so traveling is a little easier for them now. Mary Lou **Graham** Page lives in Mt. Hope, W. Va., and has four girls. Ellen, 22 is married and a graduate of TCU. She is a ballet major and is dancing all over Texas. Lucile, 20, is a junior at Tulane; Jane, 16, is in junior high at Stuart Hall in Staunton, and Sarah, 11 is in the 6th grade. Jim, her husband, has a plane. They spent their vacation in New Orleans and Fort Worth. Mary Lou is "tied up with church work, choir, study club, and getting Sarah around."

Audrey **Newman** Clements and Lin live in Richmond now with their four children. Lin is with "Heritage Savings and Loan." Their daughter is at Ferrum Junior College. Charles (16) and Tabb (15) both attend Douglas Freeman High School and, like all boys that age, are mainly interested in **"driving that car."** The third son Clark (12), is very active in the Tuckahoe Little League. Audrey is teaching and continues to take courses. She and Lin have made their main project "keeping in touch" with their children, their friends, and their activities. Marian **Gunn** Varn and her family have moved to Tampa, Fla. where Bill has been promoted with BP Oil Corp., daughter Lenn is married and lives in Winter Park, Fla., son, Latane graduated this June and will go to Univ. of So. Fla. this fall, and son Graham is looking forward to two years more of high school in his new surroundings.

Dot **Bevard** Owen and Bill and son Billy had a New England trip this year and

scouted some of the colleges for Billy who is a senior at St. Christopher's in Richmond. He plays the organ for chapel and most of the other functions. Dot has taught in Tidewater Academy in Wakefield for the last few years. Ruth Brown Stephenson is retired now after 30 years of teaching. She was in an automobile accident which placed her on the disability list in 1970. After recuperating, she went on a tour of Europe and spent over a month in twelve countries. She is living in her own home in Petersburg now.

Joyce **Hill** Goodloe and Jack live here in Chester with their four children. Her oldest daughter Martha is a freshman at Longwood. John Allan, 16, is an all-round athlete at Thomas Dale High School. Melinda, 13, and Mary Stuart, 10, play the piano and swim among other things.

Hope Frank, director of consumer relations for Magic Chef, Inc., has been named recipient of a distinguished service award from the Ohio State U. School of Home Ec and the Home Ec Alumni Association.

My husband Ernest, who is a Circuit Court Judge, has held court in Farmville several times this year, so I have been able to keep up with the Farmville-H-S-Longwood news through him. Our oldest son, Bill, 19, is a sophomore at Hampden-Sydney. I still get butterflies when I hit the town limits of Farmville, and I **always** drive by the college just to see what's new. Rusty, 17, is a senior in high school and on the football team — hopes to go to H-SC in '72. David, 16, lives in the woods — hunting, fishing, and trapping. Betsy, 12, is a cheerleader, plays piano well, and does a lot of hand work and sewing. Gini, 9, also a cheerleader, is following Betsy in everything she can. Tom, 6, is in the first grade and quite a boy! This was my first year of freedom in 19 years, and I had a marvelous time playing bridge, shopping, going to meetings, etc. We vacation each year for two weeks at Wrightsville Beach, N. C.

Thanks to each of you for writing.

Greetings to All!

Phyllis **Alley** Carter writes about her two children; Leslie, 17, will be a senior in high school next year and seems to have an interest in nursing or in hospital work, son Randy, 15, received his Eagle Scout award and enjoys playing baseball. Phyllis sees Betty **Brockway** Low often, and they all enjoyed the Longwood Chapter luncheon in the spring.

Martha Showalter taught school in Germany for two years, 1966 and 1967. In 1968 she was reemployed by the Lynchburg Public Schools and moved into her own apartment. She received her masters degree from U. Va. in 1970. You know Martha has a beautiful voice and has presented a concert and participated in **The Sound of Music** and **Any Wednesday** at the Lynchburg Fine Arts Center. She and Phyllis **Alley** Carter have enjoyed several weekends together in Phyllis's home in Roanoke.

Martha Showalter, '49

Helen **Harrison** Bullock is again a student, finishing her degree requirements in elementary education. Helen has six sons, four of whom will be college students in the fall of '71. Her oldest son who served 14 months in Viet Nam and received three purple hearts, is back at VPI. Her son Michael is a senior at VPI. Billy is a junior and phys. ed. major at Madison College. Ronald is a National Merit Scholarship winner and will enter Michigan State University to study music. Helen's two youngest boys are in the 11th grade and 7th grade. You seem to have such a wonderful family, Helen, congratulations. In her **spare** time, Helen has been teaching school for 10 years.

Betty Jordan is teaching 3rd grade at the elementary school and enjoys giving quite a few assembly programs at school. There are many of you who are working hard for that master's degree. Betty has only 9 more hours credit from William & Mary College to complete her master's. She enjoys teaching Sunday School and singing in the Church choir.

Jean **Craig** Morton and Harry live in Norfolk and Jean has been teaching sixth grade and enjoys giving dinner parties for her friends. She has completed her master's degree.

Ruth Tillett is a Guidance Director at Oliver Wendell Holmes School in Fairfax County. She spent Easter vacation in Jamaica. Ruth has very sad news to report concerning Jesse Lee **Pickett** Carter's 14-year daughter who had flu with complications and died last spring. We are so sympathetic, Jesse Lee; we wish we could say more.

Nancy **Rushing** Senn is teaching and she went to Europe in June with four other ladies. She hears from Jane **Taylor** James who is teaching and also learned that Betty Jefferson went to Europe last summer.

Shirley **Irving** Hart has delightful news to tell us — after 21 years of teaching she has a little boy of her own. Little Jim was born October 6, 1970 on his Daddy's birthday. She really enjoys staying at home after all these years. She and her little family live about 10 miles from Charlottesville, and her husband works for the Department of Agriculture.

Marcella **Mandel** Levi has two children of whom she is quite proud. Jill just graduated from high school and will go to Old Dominion University next fall. Jack is taking advanced English, air conditioning and refrigeration at the vocational center this summer. The family have a ranch home built two years ago.

Gladys **Monk** McAllister has moved quite a bit since her marriage. Her oldest son will be a senior in high school and is an announcer at the local radio station on weekends. Bobby, a junior, and Tom, an eighth grader, are both drummers in the school band. They went with the band to Myrtle Beach to participate in two parades and a concert; then the family enjoyed California for their vacation.

Lucy **Sydnor** Fay has two daughters, ages 13 and 12, and both attended Blackstone Day School. Lucy is becoming certified for Elementary Guidance. In February she went with a group to Governor Holton's office and to the Governor's Mansion. Then in spring, she attended Continental Congress and visited the White House.

Erla **Brown** Holloway has had a year to remember! Her stepdaughter was married; Erla, herself, had a baby boy, and her daughter, Erla, graduated from Mary Washington. She has two other step children who are busy teen-agers. Erla had worked for Reynolds Metals for 14 years. Her husband is a chemist with the same company.

Ada **Robles** de Sanchez writes that she has a beautiful crop of "five"; Adita (17), Gilberto (16), Jose (15), Maria (13), and Luis (12). Her husband is building homes in Jayuya, and Ada is teaching at the Inter-American University. Adita will be a sophomore at the University of Puerto Rico and hopes to attend Longwood her junior and senior years.

Ethel Fenimor explains that she received her diploma in 1930 and degree in the summer of 1949. In June, 1970, she retired after 47 years as a teacher and elementary principal. After retiring, she be-

came unretired and has been teaching public school music two days a week and is really enjoying it.

Gwen **Cress** Tibbs had a wonderful summer with a trip to Michigan with her family. Her kindergarten is growing larger every year. She'll have swim classes next year.

Many of you did not answer the letter asking for news, and it would be a big help if someone, whoever gets to Longwood for Founders Day, would pass a paper around to all the girls in our class who are there. Just a few sentences about your activities would help for next year's magazine. Then mail it to me, and I'll use it at reporting time. I have never been able to get to Founders Day but have been back during the summer vacation to see how beautiful everything is!

Since Carol Bird **Stoops** Droessler stopped writing this column, I don't know what mischief she's into. Carol and family live in Raleigh, N. C. now. She did send her pertinent Christmas cards which have the following information. Janice **Slavin** Hagan's daughter, Diane, is to attend Pfeiffer College in the fall. Janice has sons, Jim, who wins swim team awards, and John, who at seven, "loves" football. Janice is teaching typing and shorthand in the Adult Education Department of Fairfax Co. She also writes a weekly column for the **Springfield Independent**, a local newspaper.

Jane **Williams** Chambliss and her family are now in Richmond, where her husband is sales vice-president for Oxford Paper Co. Their back yard adjoins Carolyn **Rieck** Foster's yard. She sees often Patsy **Kimbrough** Pettus, Robbie **Cromar** Rilee, and Jean **Ridenour** Appich '52. Carrie Ann O'Loughlin's father had to undergo major surgery last summer, just as they were start on vacation. She hears from Doris **Old** Davis. Carrie Ann is in a school of 1,750 pupils. Lizzie **Bragg** Crafts and her family spent Christmas holidays in Norfolk and hoped to get together with Peggy **White** Crooks and Hank **Hardin** Luck while there. Her daughters, Lynn and Peggy, are active in Scouts, and in school and church work; son, Morgan, is editor of his school paper and in sixth grade. Susan is in the first grade. Hilda **Edwards** Tall's husband expected to retire in August, 1971. They hope to move to Lake George, N. Y. to live. They were in Italy for three years. Their son, Charles, had mononucleosis, but was out of school only one week. Marie is in the 7th grade and plays the guitar.

Patsy **Kimbrough** Pettus has a son, Reg, who was a freshman at the Univ. of S. C. and a fifteen-year old, Ritchie. Then son, Robbie, at eleven, is a football star, and a three-year old son to keep her very busy at home. Patsy spent the day with Susie **Bowie** Brooks while in Williamsburg on an art trip last spring. Ernie, my husband, Peyton, my 16 year old son, and I spent Easter vacation in Fla., visiting with friends. We spend nearly every weekend at our place on the Chickahominy River (in season). I am still a Patent Draftsman, and they are really giving me a workout this year. I missed an organizational meeting of the Peninsula Alumnae Association but will try to make the others. The meeting, by the way, was held on my 20th wedding anniversary. I do hope that these interesting items will encourage you to write more often and to get those of you who did not send any news to write in the future. Above all don't forget to send your change of address. Have a good year and be sure to write!

You may read this with your feet on the hearth fender, but, as we wrote it in July, Margaret **Thomas** Mayo and I were sweltering. Margaret talked to as many of the Richmond girls as she could reach, and here's the news from the capital.

Elsie **Baker** Tokarz and her husband recently opened a new restaurant in Richmond, "The Aberdeen Barn". Elsie is continuing her teaching career. Marian **Bradley** Porter has one more year to teach in Richmond, before her retirement. Attending summer school were Juanita **Edwards** Strickland who is teaching at Robious Elementary School, and Dot **Gregory** Morrison who received her degree in Library Science from VCU. A vacation of camping in Arcadia National Park was just the thing for Anne **Oakley** Kellam's family. Anne teaches in the Bon Air Elementary School. The Brunswick Academy has appointed Marjorie **Traylor** Nolen's husband Hugh as its new headmaster, and they have moved to Lawrenceville. Their son is a sophomore at VPI. Ann **Rosson** Runkle, whose son attends the Montessori School, is teaching and took a Nassau vacation this year. Ann sees Branchy **Fristoe** Choate and Ann **Neblett** Grimsley at the Canterbury pool. Margaret talked to Virginia **McLean** Pharr's mother-in-law who told her that Ginny is living and teaching in Roanoke. Virginia and Macon have four children of whom the oldest is eighteen. Jo Zitta and Mary Moore **Karr** Borkey are teaching in Chamberlayne Elementary School in Henrico Co. Jo's foreign travelitis took her to Europe in 1969, to Europe for the Passion Play in 1970, and to East Africa in 1971. Mary Frances **Spurlock** Taylor, her husband, and two girls went on an extended tour of Europe during the summer. While their three girls were at camp, Bob and Margaret **Thomas** Mayo vacationed in July on Lake Dumore in Vermont. Bob and Margaret are both busy at the Valentine Museum, of which Bob is director. Our faithful correspondent, Jean **Ridenour** Appich enjoyed a well-earned vacation with Charlie and their four children, crossing the country in a camper.

Lauralee **Fritts** Whitmore and her family live in Linthicum Heights, Md. "Frittsie" is assistant principal at Crofton Elementary, an "open-space" concept school, and is working for the Certificate of Advanced Studies at Johns Hopkins Univ. Charlie is manager of the George Washington Univ. Club in Washington. They and their children, Brent (16), Dwayne (14), and Sheen (11), were away in their "scamper" camper this summer. Last year they visited Norma **Gladding** Godwin and Sue **Nelson** Matthews.

Shirley **Livesay** Armstrong must have to double all her recipes to cook for Phil and their six children, ranging from Mark (9) to Patty (2½). Phil continues to find high school counseling very challenging, varying this work by building rooms and stretching their house.

Bill Overby is Director of Instruction for Clarke Co. and Romine **Mahood** Overbey ('51) is librarian in the intermediate school in Berryville. Their daughter Susan is a high school senior. Mary **Brame** Trotter described herself as the coordinator of the homefront which includes Ed and three active children aged 12, 13, and 16. They spend as much time as they can at their waterfront property in Lancaster Co.

Frances **Thomas** Pairet wrote very excitedly from Farmville where she, Sonny, Tommy (15) and Betsy (12) are in their new home, about having Bebe back in Va. and about seeing her and May Henry. Frances teaches six grade science at Prince Edward Academy. Bebe **Wilson** Thompson, Bill, who was promoted to Lt. Col. last winter, and their two children: Billy (14) and Beth (12) are happy to be living in Hampton where Bebe hopes that Bill's job at Langley A.F.B. will keep them for years and years. They attended the Virginia Beach-Caroline June German with the Midgetts, who are jubilant about their living an hour from each other's front doors. May Henry **Sadler** Midgett is a great blue fish cook, and A. B. Midgett, Bill and Billy Thompson are blue fish fishermen.

Betty **Barnes** Lampert wrote that the Lamperts are rooters at anybody's game any place in Norfolk, as Ralph coaches Ralph Jr.'s Little League team, and the two girls, Patty (14) and Paula (16) play softball at their Norfolk Academy. Ralph got his master's degree in Business Administration this summer. Betty is teaching kindergarten.

Frances **Turner** Widgen lives in Cheriton on the Eastern Shore, where John owns and operates the Western Auto store and has the Evinrude boat motor dealership. Having bought a boat themselves this year, they and their daughters Kathy (18) and Liz (8) and son Johnny (15) are enjoying fishing. The Widgens see Nancy **Walker** Reems and Bill when they come to the Cherrystone Campground. In Feb. they visited Pritch (Joan Pritchard) and Bob Matthews in Far Hills, N. J., where they and their five beautiful black Cocker spaniels live in a lovely house, built in 1732, surrounded by elm trees.

Anne **Moseley** Akers wrote that the secret to doing all of the things a mother of two boys (17 and 14) and girl (19) is expected to do, is enjoying all of it. She and Tom took their family to Texas and home to Roanoke via the Gulf, Fla., and the East Coast beaches for three weeks this summer. "Moe" will teach kindergarten and evening adult classes and serve as president of the elementary school's PTA this year. Maxine **Watts** Peschel has moved to Roanoke, since Roy is traveling the East Coast. She is librarian at Cave Spring High School, and they have two children, Bruce (13), and Carol (11). Nancy **Walthall** Avery wrote from her expanded house in Alberta that she and Mary Alice were staying home with the pony and dogs, while the two boys went to camp.

We heard from four N. C. transplants. When Nancy **Hounshell** Brame wrote in June, she, Bob and the children, two boys and a girl (14, 13, 9) had just returned from an eleven-day trip in the West. Bob is enjoying his work at Duke, so the Brames are hoping to stay in Durham. Betty Scott **Borkey** Banks joined in a good school year with Scott and Doug by substituting in the junior high school in Greensboro, her specialty subjects being music and physical education. The phys. ed. is being continued at home, with all the Banks family enjoying tennis. Vacation plans include a week at Long Beach, N. C. Flora **Ballowe** de Hart wrote from Louisburg, N. C. of a year of anxiety and excitement — anxiety for her husband, now recovered from a stroke — and excitement because of her work in individualized instruction. The latter has taken her to workshops and to institutes in Ind., Del., N. C., Ky., and Tex. and has won her nationwide recognition. Her involvement with the Louisburg Garden Club, Delta Kappa Gamma, Hospital Guild, and League of Women Voters has not affected her determination to begin her doctorate at the Univ. of Texas next year. Audra **Hawkins** James says that things are never dull at her house in Bladenboro and, admittedly, a week in Paris in April, several days in Calif. and a week at Lake Tahoe, Nev., in Aug. would enliven things! Their daughter Barbara, will go to college in the fall, Randi will be a high school sophomore, Rosemary will enter second grade, and son Robbie is two.

We had four far-flung correspondents. Dolores **Hoback** Kanner wrote, not from Madison, Wisc., but from Paris where Al had taken her to celebrate her fortieth birthday. From London's pubs to the Swiss Alps, "Hoey" said it was all wonderful. Pat **Lee** Mathews sent best wishes to one and all from Tulsa, Okla., a city without smog, where she and Bob, manager of Systems and Programming in Shell Data Center, and their children, Liz (16) Bob (12) and Mary (10) are living. Pat, who had held PTA and AAUW jobs of responsiblity, this year will become a lobbyist for quality education at the State Capitol, and will be state chairman of the AAUW's education committee. She gives fourth-grade tours at the local museum and was a Campfire leader last year. Audrey **Petit** Mesmer and her family spent July and Aug. at their beach house, returning to get Ran, a junior, and Julie, a freshman, off to college. Elizabeth and Bill, the younger children, camped this summer. Audrey sent the hope that they would be seeing some of us in Winter Park, Fla., when Disney World opened in the fall. A postcard in June from Mary Pat **Tuggle** Miller said that she and Bill were on their way by car to Acapulco and Mexico City. While mother and dad were, thus, resting from teaching and managing the Fieldcrest Store, respectively, back in Columbus, Ga. Craig, John and Tom were probably racing each other in the Miller's new swimming pool.

As for me, Maria **Jackson** Hall, I will teach third and fourth grade French at Collegiate, where Maria Allison will be a first grader. Susannah will be in play school. Our address is still a town house in Richmond. Margaret and I heard promises from everyone about hoping to get to our 20th reunion this March. Just put your raincoats on over your pajamas girls, and let's make it 100% March 18!

A special "thank you" to those of you who helped me get the news this year. Clare **Davis** Wallace called Grace **Garnett** Monroe who is teaching in Lynchburg. Clare and her family planned to vacation on the campground on the Chesapeake Bay that Barbara **Moore** Curling's family runs. Clare's boys — Stephen, Samuel, and David — are all in school, and she is doing the secretarial work for Irvin who is in the heating and air conditioning business and works out of his home. Barbara isn't teaching for a change. Her husband Otis is with C&P there in Richmond. Her Cynthia is dating now! Del is in Jr. High and Kevin is a typical 4th grader. So Barbara has lots of PTA's to attend plus church and the campground to attend to. The Curlings have been doing a bit of traveling — New England last summer with a stop-over in Philadelphia to see Anne **Thaxton** Jeffords.

Also from the Richmond area, Ann Carter **Wendenburg** Silver writes that Sally Cecil is working as a child welfare supervisor for the City of Richmond. Margaret **Felton** Sadler is continuing to teach. Her oldest son is in 9th grade, and she has a son 5 years old. Nancy Taylor is teaching in Henrico Co. Being president of the State Officials' Wives Club has kept Frances **Young** Brown busy in addition to keeping

up with two-year-old Susan and a nine-year-old son. Barbara **Allen** Garrett lives on the same street as Frances. Another Henrico teacher is Jackie **White** Twyman. Her Linda is now 12. Shirley **Ward** Patteson is the new President of the Richmond Longwood Alumnae Chapter with Jackie serving as Vice President. Shirley's daughter, Anne, is in kindergarten and little Elizabeth is 3.

Anne **Glenn** Savedge's husband has just been named Assistant Comptroller of Reynolds Metal Co. Her oldest will be a senior this year. Ann Carter wrote me from Houston, Texas, during the cross-country trip her family took last June. Hayden had business in Texas, and they were planning to see Mexico, the Grand Canyon, L.A., etc., and to return home by way of Yellowstone and Denver. Jay is a sophomore in high school, Wendy is a 9th grader, and Betsy is a 7th grader. Ann Carter is teaching kindergarten again. She and Jean Carol **Parker** Harrell get together although the Harrells have moved to Franklin. After taking the Executive Training Program of United Virginia Bank — Seaboard National, Ed has been made a Vice President of the bank there in Franklin. They were in the process of building a Dutch Colonial house located on a small lake. Donna will be a freshman in high school. Sixth grader Hank is a boy scout and loves baseball. He shares this interest with third grader Parker. Jean Carol has been doing some substitute teaching along with her work in the Hospital Auxiliary, church choir, and Garden Club. Ed has had more time to be actively interested in Rotary Club.

If I ever get an extra day in Va., I'm going to Hanover to see the Barksdale Theatre. Nancy **Tanley** Kilgore writes of her most interesting life. Since her home is an old tavern and theatre built in 1723, she keeps busy with repainting, acting, directing, taking care of her household and, although she has never admitted it, I suspect she may even help in the tavern kitchen at times. Their daughter is in college; Pete is 19; Kevin, the animal lover, is 10; and her youngest son Andy is 8. David has been teaching at Randolph Macon Men's College. He and Nancy enjoyed a visit to LC and were most impressed by the way the Drama Dept. has grown. Nancy also works with the Children's Theatre in Ashland. She hears from Sally **Wilson** Lisanick who lives in Alexandria.

Mary **Jones** Keeling tried, to no avail, to reach several gals near Annandale. Her husband is with the Dept. of Transportation. Her Beth is a majorette. Beth and her Dad are also learning to play the electric organ. Mary and Ernie enjoyed a vacation in Puerto Rico last fall.

Carolyn **Watson** Yeatts called Jean **Anderson** Guthrie who substitutes at Prince Edward Academy. Jean's husband Derwood teaches grades 6 and 7 at the LC Campus School. Their children are Cindy, 13, and Craig, 7. Carolyn also teaches at the Academy. Her daughter Linda is 13 and in the 8th grade. Diane, 12, will be in the 7th grade. Homer is still at the Post Office in Farmville. They have found Myrtle Beach to be an enjoyable place to vacation. Betty Lou Jefferson who has been working toward her Ph.D. in Microbiology at VPI, has been granted a NSF Fellowship to continue her studies. Also doing graduate work is Frances **Northern** Ashburn who is teaching 7th grade English at Nantua Intermediate Schol in Lancaster and attends W&M. Her son Donnie has just completed 7th grade and has received his "Brotherhood" in the Order of the Arrow from the Nawakwa Lodge #3 of Richmond.

The Hyatts have headed back to Hawaii for another 3 years because of Jack's Marine Corps service. Their 9-year-old Casey was born there. Mary **Hundley** Hyatt recently had a visit with Beth **Kent** Thurston in Richmond. Beth also wrote that her oldest son Steve will be heading to Williams College in the fall. They have two other sons: Tom (16) and Brian (15) and a daughter Elizabeth (6). Beth and Bill took off for Nassau last April for a delightful vacation.

Martha **Donaldson** Crute contacted quite a few people in the Roanoke area. Marlene **Lucas** Willis has moved now to Lawrenceville, Ga., where her husband is with American Express. They have one son Bill (13). Elizabeth Ann **Johnston** Dennis has two children: Kevin (9) and Sharon (7). She says she should be elected "Sports Mother of the Year" for all the chauffeuring she does for her active sports-minded son. Any candidates for runnerup? She also manages to do some substitute teaching. Her husband Charles is with IRS there in Roanoke. Betty Jean **Persinger** Breedlove has two girls, ages 10 and 7, and found the magic formula for no. 3 last spring with a baby boy. She does substitute teaching, and the entire family enjoys their camping trips. She keeps in touch with Virginia **Burgess** Newcomb who teaches across town.

Martha sees Pat **McLemore** Saunders at PTA, since their children attend the same school. Pat's sons are 14, 12, and 9, and her daughter is 7. She has been taking classes for several years and was planning to be a librarian at William Byrd High School this winter. When Martha called Nancy **Brown** Messick, she found that one of her daughters had fallen out of a tree and was in the emergency room at the hospital. We hope that Nancy is looking back on this experience as one of those emergencies that come with raising "tomboys." Martha and John have two children: Susan 13 and Johnny 8. They often visit his sister on the Chesapeake Bay, and John can even navigate the Bay.

What a wonderful surprise I had one evening when Wilma **Salmon** Robinson called from Norfolk. She has three children: Evelyn (13) Bill (10) and Ann (9). Wilma has received her master's degree and is a business education supervisor in the Norfolk City Schools. Her husband is teaching phys. ed. at ODU and continues to have champion wrestling teams. Wilma said that Betty **Barr** Gibbs, who lives in Virginia Beach, has also been working on her master's.

Carolyn **Stanley** Lebo has taken off to Newbury Park, Calif., which is in the Conejo Valley about 30 miles from LA. and they have been traveling around to the various spots of interest on the west coast. Her husband Steve is with AMP Inc. as a sales engineer. Nancy is in 4th grade and Mike in 1st. Ernestine **Johnson** Delaney and family have moved to Charlotte, N. C. Kim, in eighth grade, has become an avid horseback riding enthusiast.

Barbara **Assaid** Mills '54 has been working on her Master of Liberal Arts at Johns Hopkins in addition to keeping house for Jimmy and four children: Betsy, Laura, Eric, and Amy. From Winchester, Ky., Marian **Lowry** Boone writes that her son is now 5. I'll share a Christmas letter also from Marion **Webb** Gaylor. Her family includes Peggy, 11th grade; Cathy, 9th grade; Kellie, 8th grade; Mike, 5th grade; Anne, 2nd grade; and Courtney in 1st grade. Paul is busy doing a bit of politicking, and Marian is teaching in addition to keeping up with this lovely large family. They have purchased a cottage on a lake in the Berkshire Mountains. Speaking of Christmas, last year we were able to get together with Becky **Hines** Bowling at her lovely remodeled house near Andersonville. Betty Jane **Griffin** Holland and Phyllis **Powell** Swertfeger were there too along with their families. Quite a gang! 4 young Bowlings, 3 Smiths, 3 Hollands, and 2 Swertfegers! What a good time we had that afternoon! Ernest Bowling is working and farming along with Becky's help. Betty Jane and John now are full time farming too, near Carysbrook. Phyllis and Walter live in Rhinebeck, N. Y., where he is teaching music, and she is teaching and doing graduate work.

Another Christmas letter came from Jo **Burley** Adams. Her son Pat is active in his teenage groups; Kathy is in 9th grade and Mike and his Dad are hunters. Don is teaching at VPI; so Jo is planning to retire to stay at home with three-year-old Donald.

Our summer was a whirl wind of meetings, sailing, church-going, engineering — you name it, someone wants to meet about it! The girls are Jan, a 5th grader, and Judy, a 3rd grader. Richard tries so hard to keep up with them and has been 2 years of joy for all of us. Mel went to Europe for two weeks on Westinghouse business last June. Please do keep in touch with me whenever you can. I love to hear from you and will try to pass on the information.

After many years of news-gathering for the Class of '56 Georgia Jackson is taking a well-earned "retirement," and Julie **Moncure** Moseley is our new "Scoop."

Ellen **Thomas** van Valkenburgh is in her new home in Potomac, Md. and now trying a hand at real estate sales in Bethesda. Her husband Wood is the Rheumatologist at the Naval Hospital there. How would you like snow in April? That's what Betty **Maas** Sterzing and family had in Albany, N. Y. this spring. Bettye stays in a merry chase

keeping up with David 9, Carl 6, and little Sarah 2. LC spirit hasn't dwindled for Bettye. She traveled by train from Albany to Farmville to be with her classmates for Founders Day '71.

From the Peanut Capital, Franklin, Va., comes news of Dale **Brothers** Birdsong whose husband Bill is in the peanut business. Two boys, 9 & 11, and a little girl, 3, fill up much of Dale's time along with community related activities. Ann **Lewis** Jones keeps occupied in Lynchburg with her husband and four active youngsters. Liz **Pancake** Smith, who had been busy with Charlottesville 4-H and Sunday School activities, is now keeping even busier settling in her new home in Mechanicsville. Liz's husband was transferred to Richmond this August.

Life in San Francisco keps Loretta **Brooking** Gasswint hopping. Their two children are — Ginny, 11, winning ribbons on her swim team, and Scott, 13, who began high school this fall. Back to public school teaching after a 10 year absence is Nancy **Hartman** Welker, who is teaching first grade in the school that her children Karen and David attend. Husband Phil spent his summer adding to their Manassas home. Nancy's family sounds so much like the Negaard's home life that I'll insert our news here. I, too, teach in the school attended by our three sons, Kris, 11; Kurt, 9; and Kraig, 7. Norm has been spending all his "free" time adding a family room to our home.

It was off to Crystal Lake, N. H., on a summer vacation for Anne **Coleman** Ross and her family. Anne and Dan are very involved at home in New Carrollton, Md. with church work and the music, sport, and scouting activities of their three sons. Anne served last year as a teacher aide in an ungraded elementary. Susanne **Prillaman** Lowry writes from skiing country, Ithaca, N. Y., that her family is now building a new home. Pat **Brown** Johnson, who was with us at reunion, continues to stay pleasantly occupied with her six-year-old son, church work and teaching at Buckingham County High.

From sunny West Palm Beach, Fla., comes news of Anne **Brooking** Stelter who had her third son in April. Congratulations, Brookie! Charlotte, N. C. has recently become the home of Ann **Weatherholtz** Lackey, husband Bent, and sons David, 7, and Ronnie, 5. Oklahoma beckoned Mary **Davis** Fischer and family nearly a year ago. Their new home is in McAlister where her husband is stationed with the Navy. Mary's children, Richard, 9, and Alison, 6, are becoming real "Oakies."

"Baby" **Carter** Goldsmith is in Leesville where she awaits her husband's return from Korea. He has only 6 years left until Army retirement, and they plan to make Leesville their home. Jane **Blake** Lawrence wrote of plans for a New England trip with her daughter Susan. Many a laugh was prompted by Jane's ever-present wit at Founders Day. Sarah Jane **Brisentine** Mick and her family live in Chester. A second son was born a year ago. Rheta **Russel** Wood and Malen **Johnson** Cox both live in Raleigh, N. C., with their families. The Coxes are building a new home there.

One month after attending Founders Day, Shirley **Kemp** Barlow gave birth to a little brother for 4-year-old J. Ray. Last year Shirley served as the president of the Isle of Wright Chapter of the Longwood Alumnae Assoc. Ann **Jones** Mitchell and family are in Calif. while her Lt. Colonel husband is stationed there. While there they have taken advantage of the location and have camped in Yosemite, Sequoia, and Yellowstone. Teacher-naturalist at the Southeast Penn. Outdoor Education Center — that's the dream job held by Carolyn **Gray** Abdalla. Carolyn and Pete have two youngsters — third grader Jerry and second grader Ann. Remember dancing, fun-loving Betty Jane **Shackelford** Ellison? Well, she and her husband have a dancing daughter and two teen-age boys. Their home is McLean and Betty Jane is a teacher there.

Not far from the LC campus is where Becky **Blair** Butcher has her students. Becky teaches at Prince Edward Academy in Farmville. Becky says she "soaks up history like a sponge" so each summer she and her husband take a long vacation of historical value. Sue **Garber** Stewart, Julie **Moncure** Moseley and Sue **Upson** Newman all live in Richmond south of the James. Sue Newman is teaching first grade at St. Christopher's and Julie is in her first year at St. Michael's School teaching physical ed. Julie also spends many hours on the tennis courts, working for her garden club and caring for Billy, 10, Bobby, 7, and architect husband Bill. We send our love and deep sympathy to Margaret **Duke** Lautenslager whose husband Jack passed away this summer after a long illness. Their youngsters are daughter Leslie, 8, and son Edwin, 7, who live with Margaret in Alexandria.

Again thanks from Julie to all those who so quickly replied to her search for news. Keep those cards and letters coming!

Greetings to all our class members and friends. It was good to receive newsy Christmas notes from so many last year and the replies to my card this spring.

Of prime importance for you to remember is our class reunion in the spring of 1972 — Founders Day — March 18. Can you believe it's time for our fifteenth reunion?! Please make every effort to attend. As one who hesitated to attend a reunion for a few years because "everything will be different" — then broke down to attend our tenth reunion — I can vouch for the lift you receive seeing familiar faces and picking up where you left off with old friends. If you haven't been in Farmville for a few years you are in for a treat when you see the modern Longwood. From all reports, even with the increased enrollment (almost triple what it was when we were there), the Longwood spirit still prevails. You will enjoy touring the new buildings, especially since many of them are named for some of our favorite professors.

Cathy, 9, daughter of Jeanette **Puckett** Williams, '57 and granddaughter of Ellen **Robertson** Williams, '17x

Please continue to send address changes to the Alumnae Office. Each year a few more cards are returned to us with incorrect addresses. It always hurts to lose contact with anyone. Someone wrote me last year to ask a class member's address. Inadvertently that request was thrown away. If you have lost contact with a friend, the Alumnae Office will be glad to send you the address if it is available.

Mary **Cook** Pegram is in Delaware where Dick is with DuPont. She is busy with William (4) and Susan (2) but finds time for golf, antiquing, gardening, hospital volunteer work, and church. Margaret **Beavers** Reed is active in church and volunteer work at Western State Mental Hospital. She's on the cancer board for Augusta Co. and plays in two bridge clubs. She and her family spent a week of their vacation at Cherry Point, N. C. and had a wonderful time.

Camille Atwood is busy with work obligations, a few area advisory committees, work with the professional (med tech) school survey and accreditation program. She had been on the road — ten professional trips in ten months — when she wrote and she added "and **me** a home body."

Mae **Bennett** Guthrie said that "church activities are too numerous to mention as a part of being a minister's wife. My latest was directing a most successful Vacation Bible School. I enjoy Home Demonstration work, will serve as president of our club this year and as county reporter. I was a county delegate to our annual workshop at VPI in July. It seems strange being on the parent side of PTA; will serve as secretary for the coming term. Of course, my greatest honor was being selected to Outstanding Young Women of America this past year. Jim and I joined the Rocking Squares last winter, a square dance group in Buena Vista. I was surprised at our first meeting to see Nancy **Tolley** Hostetter and Kenneth there. They are 'old timers' in the Club". Mae also wrote that they visited Betty **Hodnett** Jackson and Richard in Alabama before the Jacksons moved to West Chester, Penn.

Frances Raine is once again established in her own apartment (at a new location) after having her apartment and many of her belongings destroyed in a fire last year. Fran was unhurt, but her little dog was killed. Her mother has sold their home and she and Fran have rented an apartment

together. This summer Fran studied at UVA and hopes to receive her Master's in Teaching Science in August. Anne **Thomas** Denny and Lee will be moving to Washington, D. C. area during the summer. Lee is finishing up his Master's in Business Management in California in June when their fourth baby is due. Then they will leave for the East Coast for a three-year tour of duty.

Jackie **Adams** Spangler has stayed busy the last two years getting settled in their new home near Williamsburg and furnishing it with antiques. Our only new family member this year was an Arabian filly, born Easter. Leaving the horses in good care seems to be the main item in getting ready for our trip to Mexico this summer.

Jackie Pond gets up to Longwood at least five times each year since she is still on the alumnae board and also takes prospective students there through her guidance program. She had a good group to go up for Circus which she says is Oktoberfest for the "now generation". She was getting ready for a tour of Mexico and the west coast. In addition to doing guidance she sponsored the cheerleaders this year. Anne **Caldwell** Cake has been busy with her second grader and new baby but is still hostess at Curtis-Lee Mansion when she has time.

Jo Davis is now Dean of Women at Averett. Gayle **Peoples** Shiner writes that Bill's department is really growing and keeps them both busy. Jim's eleven now and in scouts and Beth's seven and in brownies. Peanuts **Winder** Grimstead was preparing for the international reunion day of her sorority (Alpha Gamma Delta) and along with her various activities found time for a basketball benefit game at St. Pius Church. Nancy **Striplin** McClung and Chuck are busy building their new home and are doing much of the work themselves.

Margaret **Hudnall** Miller wrote that Skip has been transferred to New York, but they haven't moved yet. Taking care of three pre-schoolers has cut down on her extra activities, but she finds some time for reading. Mary **Robertson** Warner and her family parked their camper at Sandbridge in Virginia Beach this summer and spent two weeks there and many week-ends. Their 5-year-old Charles (Woo) loves it at the beach and caught his first fish this summer. Mary taught fourth grade in Chesapeake again last year. One night when they were eating out in Portsmouth, they saw Faye **Edwards** Stephens and her family. She has a boy and a girl. Jackie **Edwards** Bly also has a cottage at Sandbridge.

Lisa and Tina, children of Peanuts **Winder** Grimstead, '57

Jeanette **Puckett** Wililams and Cathy toured Williamsburg and Jamestown this summer to introduce Cathy to Virgina history. In June they went with friends to Virginia Beach and in July went with more friends to Myrtle Beach, S. C. Last winter Jeanette did substitute teaching and carpooled.

Jack and Belle **Fitzgerald** Neighbors enjoyed Christmas this year with three-year-old Sarah and their new son. Bobbie Williams is enjoying her new home in Greensboro. Ellen **Hamlett** Willis, Johnson, Pam, Penny, and Stuart are in Richmond. Jeanette **Morris** Bowman wrote from Colorado at Christmas: "Herb taught summer school here for six weeks; but that left us plenty of time for picnics, bicycle rides, trips to the zoo, out-of-town company (Dottie and her family came from Wichita Falls, Texas, for several days), and a trip to Deming for the wedding of Herb's youngest sister. We're looking forward to next summer when Jimmy will be two and we can do a greater variety of activities." Nancy **Hughes** Goodman wrote that they were well and busy.

A note from Charlie Hop said "If you see any of the class — or any Longwood girls please give them my love." Our family had a happy summer. Both boys will be in school next year — Paul in first grade and Rob in nursery school. I stay busy with various church activities, home demonstration club, a garden club I've recently joined, and all the things that those of us who haven't yet desired to be liberated find to enjoy doing. See you in March!

Janet **Lloyd** Adams and Wayne are enjoying Anne Livingston Adams who they adopted in October. Janet doesn't miss teaching a bit these days. She saw Weston **Walker** Gupton this summer. Last July Anne **Brierley** Fulghum and Tom adopted a little boy Mark. Tom finishes his master's in the summer at VCU. Anne sends word of Mary Beth **Picinich** Stokes and Ross who have a third child, Jennifer Elizabeth, born in October.

Ellen **Webb** Dempsey lives in the area at Bailey's Cross Roads. Husband Richard has completed his work on his Ph.D. at GW and now is doing research for his dissertation. Ellen is working for the State Department. Frances **Patton** Davis and family are in Roanoke, playing a lot of tennis. Frances keeps busy carrying Linda and Curt to Scouts, dancing lessons, etc. Carole **Stroupe** Keith and Frances are working together to set up an Educational Bureau to help the schools in the area to get volunteers to aid teachers. George Ann **Reynolds** Cessna lives near Frances. They have two children and spend part of their summer on their boat at Smith Mt. Lake. Carole **Stroupe** Keith has remarried and is living in Roanoke with their family of four. She keeps very busy doing the art work for the Crossroad Mall. Such wonderful designs from a very talented person!

Monique, 6½, daughter of Nancy **Drudge** Fawcett, '58

Liz **Blackman** Eberwine and Bruce have moved to the LA area of Calif. They arrived there a couple of days before the earthquake. Their two children Robert, 11, and Page, 8½, love the wonderful weather there and keep busy with the band and Arcadia Swim Team. Last summer Liz and Bruce visited 7 countries in Europe, while Bruce was on a business trip.

Lucia **Hart** Gurley wrote from Texas that they just returned from N. C. and S. C. and hoped to get to Va. one of these days. Lucia hoped to take some "fun" classes this fall when Bill, age 5, starts kindergarten. She does volunteer teaching in a Day Care Center. Betsy **Ruckman** Modlin, a neighbor of Lucia's, and family were up our way last year and visited with Sally **Tilson** Carter and family in Lexington. Betsy and Tom have three boys, ages 4, 5, and 8, to keep them busy.

Rubinette **Miller** Niemann and Jack have lived in Elmira, N. Y., for 3 years where Jack works with a division of Corning Glass Works. They do a great deal of camping and plan to go to Myrtle Beach and to Va. this summer. Rubinette hopes to visit Anne **Jeter** Collins and Bill who live in Charleston, S. C.

Judy **Alexander** Herrmann and Bob are in Columbia, S. C. where he is Minister of Youth and Education at Columbia First Presbyterian Church. The Hermann's have four children: Laurie 9½, Jay 6, Wendy 3, and Christy seven months. She has June **Strother** Shissias as a neighbor. June has two sons, ages 4 and 2. Another Carolinian is Mary Anne **Barnett** Trapp in Camden. Frank and Mary Anne bought a cottage on a lake 15 miles from Camden. Mary Ann is going to teach kindergarten next year.

Back in Va. I was pleased to hear from Judy **Elliott** Ware. She and Earle have been in Richmond 8 years and have two children. Earle is still in the banking business, and Judy is a National Officer of Kappa Delta. Gwen **White** Pruitt and new daughter, Anita Lynn, are at her parents' home in Wilson until November when Dan gets home from Viet Nam. Then they will move to Norfolk where Dan will attend the Armed Forces Staff College. In Winchester Shirley **Hauptman** Gaunt is busy with church work and volunteer work at the hospital. Mary

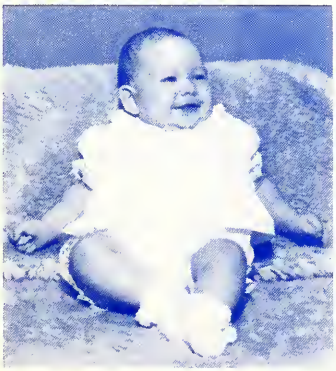
Jack and Rubinette **Miller** Niemann, '58 with Beth, 3 and John, 23 mo.

Anne **Foster** Rust moves as much as I do. They are living in Mechanicsville and have opened a McDonald's Restaurant on 301 South on Chamberlain Ave. in Richmond. Randy manages and Mary Anne keeps the books, besides keeping up with their four children.

Close by in Ashland is Margaret Dowdy who is teaching at Patrick Henry High. Cornelia Ann **Batte** Roberts is in McKenny where she is also driving to Longwood once a week to work on her M.A. Max is busy farming and playing some golf.

Frances **Rosenkrans** Witt is running her own kindergarten with 18 five-year-olds in Crozet. Her own 4 children keep her busy. Husband Charles is principal of the elementary school in Crozet. Frances has helped with the Longwood Alumnae chapter in the Crozet and Charlottesville area; and would love to hear from anyone in the area. Virginia **Londeree** Fulcher is teaching at Albemarle H. S. I hear Carol **King** Robertson and Bruce will be back in Richmond in August. Bruce will return to work on his M.A., and Carol hopes to teach.

Anne **Gary** Gaulding is teaching in one of the private schools in Kenbridge and lives in Victoria. The Fawcetts, Nancy **Drudge** and Ray, are in Farmville. Ray completed his Ph.D. and is an associate professor at Longwood. Nancy is President of the Colonnade Club at Longwood, an organization of faculty and staff.



Anne Livingston Adams, 3 mo., daughter of Janet **Lloyd** Adams, '58

Mary Lee **Teal** Webb and Charles are busy in Charlottesville with their girls: Becky 4 and Lee 2. They plan to spend some time in N. H. this summer. Mary Lee sees Dr. Lankford occasionally and keeps him informed of LC news.

Jane **Crute** Sowards and Al are in the Loudoun Co. School System. Since their boys are both in school, Jane may substitute this year. She has also done some homebound teaching. Jane and family plan to travel to New Orleans, Texas, and Mexico this summer. Jo **Maxey** White is still in Windsor, teaching in a private school and keeping house.

I talk to Ann **Weaver** Dove occasionally, and taught a couple of miles from her house last year. Nancy **Richardson** Raybold is in Alexandria. I saw her at the Hershey Fair last fall in Hershey, Pa. I've moved again the past year but still live in McLean. Now comfortable in a town house with a small yard and two cute kittens which I couldn't resist taking from the Animal Shelter. In September I'll be changing jobs in Fairfax Co. school system. After two years at Oakton High School in Vienna, I will be Assistant Athletic Director and Department Chairman of the Women's Physical Education Dept. at Ft. Hunt High School outside Alexandria. I will also teach, coach the girls' tennis, basketball, and track teams. This summer I'm taking short camping trips to the mountains and ocean beaches of Md. and Va. In August I will be at Smith Mt. Lake to teach for a week at the gymnastic camp.

If you have moved recently, please let the Alumnae Office know. I received several returns this year — address unknown. Let's keep in closer touch.

Eventually I'm going to be fired by the Alumnae Office as I'm a few weeks later every year with the postmark on my letter. If you'd like to volunteer to take over this assignment, I'd be delighted to hear the news, as I believe this is my twelfth attempt, and I'm most willing to forfeit the position.

First, a look around: The list from the Alumnae Office this spring includes addresses like Los Alamos, N. M. (Vann **Thacker** Atwater), California (Cass **Conner** Flatley, Amy **McFall** McCabe, Frances **Taylor** Cave, Frances **McLoughlin** Alcorn, and Elizabeth Ann **McLoughlin** Day), Buenas Aires, Argentina (Nadine **Dazell** Soto), Frankfurt, Germany, Eleanor **Gurganus** Brinkley), Fort Hood, Texas (Helen **Hillman** Drummond), Iowa (Barbara **Hurst** French and Catherine **Ozmon** Quidigan), Ohio (Margie **Laymon** Forte), Kansas City, Mo. (Charlotte **McGhee** Bard), Sugar Land, Texas (Meade **Mann** Rowe), Alaska (Mary Lee **Roach** Owen) and most states along the east coast from New England to Fla. The list for which we have no addresses has grown to fifteen.

Margie **Laymon** Forte moved in the summer because of a promotion for Wes. She's faithful in sending Christmas cards as is Gloria **Gardener** Buchanan who works part-time as a hostess in Old Salem, N. C. Son Bobby plays violin and was in an Old Salem Christmas program. Gloria has learned to spin and encourages everyone to try to visit the restorations if in the Winston-Salem area.

Burks **Keith** Scarborough is in Raleigh and doesn't see any classmates except when she visits Virginia Beach. (I was sorry to hear that Gin **Kuyk** Lynch lost her father in the spring.) Burks and Kermit planned to spend a week at the beach in May, with Betty Gwynn **Griggs** Barco and Kayo, for the golf tournament there. Burks stays busy caring for Anne Beckham (8) Jim (5) Matthew (3) and serving as president of her garden club. She and Kermit belong to the Olympic Club — a group of sixteen couples who meet regularly for organized sports activities. They also attended a three-day convention in Miami Beach in March.

Laura Jean, 7 and Scott, 3½, children of Margaret **Laymon** Forte, '59

A delightful Christmas card told about little Anne Lewis Spicer. Lil and Lewis received little Anne when she was about five weeks old and then moved into a new home in Abingdon in September. In case you didn't notice, Lil ably represented us by serving on the Alumnae Board last year. Mary Katherine **West** Carr has completed her B.S. Degree at Longwood by commuting 162 miles daily and teaches 5th graders now that the three little Carr's are all in school. Agnes **Lowry** Frazier is teaching in a private school in Wilson, N. C., and is busy after school hours with three boys in scouts.

Evelyn **Skalsky** Hanzlik has two children almost the ages of ours, so I know what life is like at her house. At our house, we have the model "girlish" girl and the all time champion Dennis the Menace who is currently "terrible two." After a year in Greensboro, Carolyn **Copeland** Dix and family are back in Rocky Mount in a new home. Charlotte Simms is a librarian in Wakefield and received her MEd. in School Administration from W&M in June. She planned to spend another summer in Europe.

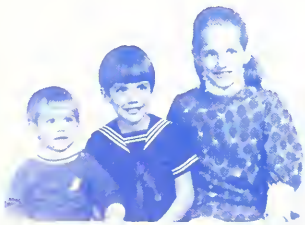
Barbara **Hurst** French and family have relocated in Dubuque, Iowa, where Barbara works part-time as a speech clinician, Vaughan attends second grade, and Mary

Elizabeth is in nursery schol. Vann **Thacker** Atwater and family live in Los Alamos where Henry is a physicist. With a boy and three girls, they must be busy. Shirley **Grizzard** Burgess works several days a week as a secretary. She has three little ones. Pat **Lyons** Arford does church work in Jacksonville, Fla., and tries to manage three boys. Rod is a Railroad Method's Research Analyst.

JoAnn **Baldwin** Black began graduate study at Madison College but says she's staying home now as they have a third little girl. JoAnn's husband Benham recently received the "Distinguished Service Award" given by the Staunton JC's. I had a long letter from Dottie **Cothern** Nugent who reported that Ann **Adams** McDaniel and husband had moved to Martinsville, and that Ann had recently visited Ann **Baker** Dillon and her new baby girl. Dottie is busy with fund raising drives, sewing, needlepoint, daughter Meg, husband Ralph and four Siamese cats. Dottie has been corresponding with Joy Adamson, the author of **Born Free.**

Emma **Harrell** Gardiner enjoyed camping in a new 23 foot trailer on week-end trips and hoped to camp in Tenn. during vacation and attend some country music shows. Betty **Rawls** Unwin chases two boys now that Donnie has learned to walk. Fig **Newton** Weston and Shirley **Saunders** Harwood '62 visited Betty when Donnie was born. Mary Ellen **Moore** Mitchell says she is Coordinator of Extra Classroom Reading Services for the Newport News City Schools and was recently appointed to the Longwood College Board of Visitors. Sandra **Kilmon** Phillips is a supervisor in social services and was expecting a bundle of joy in September. Another lady-in-waiting was Linda **Doles** Dougherty up in N. J., where the family expects to remain at least another year. Paul is in International Banking with the American Express Co. Linda had heard from Betty **Spivey** Sellers who is at Fort Rucker, Ala. (How about a complete address, Betty?) While I'm writing newspapers and newsletters, our old editor-in-chief is sewing maternity clothes and Superman Capes (for three-year-old Kent). Things have changed!

Henrietta **Dollins** Barrett's husband Jim is now Director of Development at Averett College, so they live in Danville with little Laurie. They drove across country to Seattle and loved the visit, except that Jim was robbed at gunpoint! Nancy Andrews should be back at Longwood after a year spent working on a doctorate in Greensboro, N. C. Willie Taylor teaches at Greensboro College and Anne **Keziah** Mullis lives nearby.



Left to right, Matthew, Jim, and Anne, children of Burks **Keith** Scarborough, '59

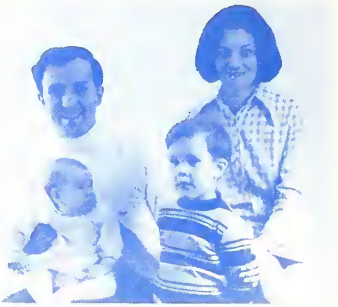
Only bride I heard from was Pat **Farrington** Gaines who enjoys having her old roommate, Barbara **Heck** Bruns and her family back in the northern Va. area. Octavia **Loftin** Reynolds is nearby in Reston. Betty Lee Smith still lives in Alexandria, although she travels a good bit because she works for the Baptist World Alliance. She went to a meeting in Nova Scotia this summer. (I saw slides that our pastor, Dr. R. J. Robinson took of the meetings, but I couldn't find you, Betty Lee.) Betty Lee also recently took a VIP tour of the White House with Baptist leaders and shook hands with President Nixon. Virlinda Joyner and Minnie Leigh Dean still live near Betty Lee. Virlinda became the bride of Richard Snyder in Dec.

Nancy **Taylor** Etzweiler is a piano student of Robert Dumm in Washington, D. C., and her daughter Sonya studies piano and ballet and had a part in the National Ballet Co. presentation of "The Nutcracker". Nancy teaches private and semi-private piano lessons in her home. Liz **Nichols** Thornby is helping their son get ready for college in the fall. Iris **Hines** Humphrey, who lives in Woodbridge, made two nice trips — one to Italy in May 1970 and the other to Spain this past spring. The D. C. area outdid Richmond this year. I heard very little from the state capital.

Jane **Adams** Schwartz now has two boys and her four-year old goes to nursery school. Sarah **Hasling** Jones thinks she was born with a steering wheel in her hand! This does point out that most of us are now in the midst of the stage of life known as the car-pool era. Sarah and family have been in two major auto accidents in the past year with serious injuries to Sarah the second time. We're glad she's back on the car-pool circuit again. Betty **Maynard** Hotchkiss was the kindergarten teacher of Sarah's child last year, and Sarah still plays bridge with Betty Sue **Barbee** McKinley and is going to be godmother of her daughter Susan.

Betty **McClenny** Gordon is working in the U. S. Army Logistics Management Center at Fort Lee. Her little girl enters first grade this year. Helen Jean Young has been out west visiting some mutual friends we had from Germany. Although we were not in Giesser at the same time, we met some of the same folks. Helen Jean teaches in Clifton Forge and administers a summer school program. She has enjoyed her skis and her tennis racquet. Sandy Sandidge is still teaching at Ferrum Junior College and swimming is her favorite subject. Most of us would like to witness a lesson! Sandy planned to start doctoral level classes at VPI in the fall.

Frances **McLoughlin** Alcorn lives in San Ramon, Calif., where her husband is a CPA and they have two children. Shirley **Lucy** Leyland, up in Southampton, Pa. is President of the Methodist Women's Society and teaches Sunday School. She has become active in PTA — as a parent this time, and is a Brownie Leader. Barbara **Odom** Wright is adjusting to "Yankee Land" now after two years in N. J. She does volunteer and scouting work. Catherine **Ozmon** Quindiagan plans to enter graduate school at the Univ. of Iowa. In between teaching she has had five children. The oldest is in first grade and the youngest is almost two.



Barbara **Heck** Bruns '59 with Jerry, Eric and baby Ellen

That's about it! The Rays stay busy doing about what everyone else seems to be doing, now. Luther works long hours at Fort Gordon and keeps our yard in tip-top shape. I edit the Officers' Wives' Club monthly newsletter at Fort Gordon and am Parliamentarian for the Executive Board. In March, I represented LC at the inauguration of the president of Augusta College. Our Betsy starts kindergarten this fall and Beebe is sending me to Milledgeville — which is the local equivalent of "going to Williamsburg". Meanwhile, do try to write to me. The sooner the better, and keep the Alumnae Office informed of your address — especially if you'd like to write this letter, which could be arranged.

I do appreciate the letters from those who wrote. Perhaps next year many more of you will let us in on your happenings. Please do!

Joann Tench wrote that everything is "status quo" with her. The past year she has vacationed in Columbia, Ecuador, and Peru and was sent on tour of duty to six of the South American capital cities. She anticipates another TDY jaunt this year, and she has a tentative contract to teach an evening Spanish class at Northern Va. Community College during the summer.

Nancy **Knight** Klotz and husband Chuck, who resided in Franklin for the past five years, have now moved to Bedford where Chuck is controller at the Bedford Memorial Hospital. Children are "Tripp" 6, and "Kandi", 2. Nancy has taught the third grade for the past three years.

Sandra **Parker** Griffith and family moved from Calif. to Audobon, Pa. just one month before the big Calif. earthquake. They had experienced several minor quakes and were only too happy to miss the big one. Since last reporting, the Griffith household has an additional member, Caroline, born

Sept. 23. Blake is now 7, Christian 5, and Katherine 3.

Jo **Dearing** Smith is continuing work on her Master's in Education and she has substituted at the Prince Edward Academy. She is a member of the Board of Directors of the Alumnae Association. These things, along with teaching a Sunday School class, garden club, rearing three children, and helping on the farm, keep her quite busy.

Lyn **Madrin** Kendrick wrote that she has eleven years to catch up on! She is in Arlington and would love to hear from any classmates in the area. After graduation she taught for three years, the third year of which she met and married Ben, who was in undergrad school part time. Lyn went back to school and received her Master's in Social Work. They moved to Arlington in '65 and Ben attended law school in D. C. He is now in law practice and until recently Lyn was employed as a social worker. Their son, Benjamin Newton Addington Kendrick, Jr., is 4, and at the time of her writing she was expecting the arrival of baby Courtney or William at any minute.

From Danville, Dixie **Hilliard** Nicholson wrote that her family planned to spend many of the summer weekends camping. Son Max, Jr. 5, was beginning his baseball hobby, and son Steven, 2, stayed busy checking out everything, mostly things he shouldn't! She forwarded their picture and commented that it's obvious they were made from the old mold!

Nancye **Allen** Laine wrote that, besides teaching home economics at John Yeates High School, this year she has taught two adult education classes. She is president of the Isle of Wight alumnae chapter. Husband Bill is in charge of the quality control department at ITT, Gwaltney.

Annie Lee **Young** Duff wrote from Chuckatuck that she is honored to have been elected to serve on the Longwod College Foundation Board of Directors. She is also president of the Suffolk area alumnae chapter. At Christmas time (1970), she entertained the following at a luncheon at her home (The Anchorage): Nancy **Allen** Laine, Ann **Scott** Perkins, and Becky Anne **McGrath** Daughety.

Sylvia **Cogville** Chambers had quite a busy year. In June the Chambers moved into their new colonial brick home in Dinwiddie. Sylvia says it was her dream come true. At the senior high school, Sylvia is Vocational Office Training Coordinator and sponsor of the FBLA. Her club placed well in both the regional and state contests, and Sylvia received the FBLA advisory award for 1971. In June she chaperoned the Va. Miss FBLA (a student at Dinwiddie SHS) to the national contest at Miami Beach, and in August she attended the State VOT and COE Coordinator's Conference in Roanoke. Son Chuck is 4

From PA. Jean **O'Connell** Nader wrote that while visiting in Va. over Easter, Arlene **McKay** Fitzgerald had a delightful brunch for the following and their husbands: Ruth **Denton** Angleman, Ann **Snyder** Simmons, Annie B. Palmer, and Jean. Minnie Lee Dean and Helen Jean Young of the '59 class were also guests. Jean and Howard have a new son, Howard, born Jan. '71. Son John is now 4 and daughter Jennifer 2.

From Springfield, Arlene **McKay** Fitzgerald wrote that this has been her "year of retirement" to get the house in order. Her year was interspersed with substituting and tutoring.

Barbara Bishop wrote that she is doing the things which she enjoys most. She is Art Department Chairman at Longwood — and continuing to exhibit her work. In the fall, she was scheduled at Richard Bland College and a group show with the Longwood faculty at Washington and Lee Univ. This spring, she will be having exhibits at the Roanoke Fine Arts Center and Madison College. Barbara has been listed in the 1971 edition of Outstanding Educators of America. Barbara, we are all proud of you! She would be pleased to see any of our classmates who may be passing through the Farmville area, so please get in touch.

Marie **Smith** Wells is enjoying being a housewife and mother. Son Lee is now 6 and in the first grade at the Virginia Beach Center for Effective Learning. Daughter Laura is 2. Marie reported that Annis **Norfleet** Murphy's daughter Leslie attended the same kindergarten last year as Lee.

Callie **Johnson** Bowers wrote from Concord, Tenn. that it hardly seems possible that last year she was gadding about Spain and studying at the Univ. of Salamanca. She is very happy to have husband John safely returned from Viet Nam, and he is now teaching ROTC at the Univ. of Tenn. Callie plans either to teach or take classes this year.

I have enjoyed my year at home with our children. Son Stuart arrived in August, 1970. Cynthia is 5 and is attending kindergarten. I substitute frequently at the junior and senior high schools. I attended the spring meeting of the Alumnae Association at Longwood, of which I am serving as a member of the Board of Directors. The Alumnae House is beautiful and everyone is made so welcome. We have recently organized a Longwood chapter in my area, with Liz Jones as our guiding light.

Please forward your address changes to the Alumnae Office so we can keep in touch. Have a good year — and help us to keep our class together as we proudly go into our thirteenth year as Longwood alumnae!

Dear Class:

For those of you who attended our tenth class reunion this past Founders Day — thank you — you made the day one to be remembered for many years to come. For those of you who could not make it this time — WE MISSED YOU! We are looking forward to seeing you in five years for our fifteenth reunion.

I am compiling a list of names and addresses hopeful that I will be able to mail it to you in the near future. Remember to drop us a line. We can't print news about you if we don't have any news. Be good, ladies, and we will see each other in five years.

Your response to my letter asking for news was greatly appreciated. If at any time you have news to report, please send it to me in the spring of each year. In that way, I'll know that it is current and will include it in our column.

Nancy **Pretty** Farley has two children, Kathy and Michael. She has just completed two courses necessary to renew her certificate, and has been busy as president of Longwood Alumnae chapter in Danville. She and her husband Sutt look forward to another busy year as vice-presidents of their daughter's school P.T.A.

Linda **Poff** Wood and husband Jim have bought a new home in Auburn, Wash., where Jim is teaching at Green River Community College and Linda is busy with their two sons. One of our dedicated teachers, Bettie **St. Clair** Perkins has been teaching eight years in 3rd grade and one year in 5th grade. She and her husband William have moved to N. J., where William is wool factory manager of the Owens-Corning Fiberglass plant. Bettie hopes to "loaf" this year and to see some Longwood Alums in her new area.

Nancy **Branscomb** Warren lived near Bettie in Ohio (Granville) for two years and taught second grade. Nancy has three daughters which keep her busy. Nancy's husband Don is working toward another degree in finance. Anne **Yinger** McConn lives in Houston, Tex., taking care of her "new" son. Her husband is a pilot with Delta Airlines. Sue **Sharpe** Gillenwater and husband Ed live in Norton where he is a lawyer. They have two sons. Bettie, Sue, Nancy, and Anne write that they look forward to our **tenth reunion!**

Other teachers in our class have done well. Pattie Pearce is in Fairfax, teaching elementary and doing some graduate work. Trina Childress is department chairman at Kellam High, Va. Beach, and completed her master's degree at UVA with "flying colors". Ellen Powell is a guidance counselor at Kempsville High, Va. Beach. Susan Brown is teaching — still at Va. Beach. Morag Nocher will teach at Bayside High, Va. Beach, serving as department chairman, advisor to varsity cheerleaders, and coach of the girls' gymnastic team. In addition, Morag has traveled to New England, Hawaii, Atlanta, and N. C. Her latest endeavor — she will be moving into a townhouse she recently purchased. Morag is also planning to be at our tenth reunion. Another traveler — Jean Cloud; talked to Nancy Farley about her trip abroad.

Sandra **Wise** Hanna, her husband Dick, and daughter Stephanie, recently moved to Yorktown where Dick will be principal of Yorktown Intermediate School. He is also working on his doctorate from W&M. Good news from Kackie **Turner** Marchi whose husband Dennis should be home from Viet Nam for good in November '71. They bought a house this year in Bowie, Md., which has kept Kackie busy — as has her 16-month-old son, Christopher.

Taylor **Rowell** Barlow says they are building a new home in Smithfield. Her daughter Amy is her biggest "job" and enjoyment. Taylor also wrote that she enjoyed a reunion dinner given by Susan **Eddy** Soza for Carolyn **Hughes** Peterson, Frances **Tune** Herrington '61 and herself. Too, Taylor had a visit from Judy **Waldo** Rhoades and her two sons. Judy lives in Two Rivers, Wis.

Responsibility is Page **Tolleson** Talley's endeavor! She was principal of an elementary school in Louisa Co., 1970-71. She is still studying, too — at UVA summer session in Public School Administration. Page has found that administration work can offer as many opportunities for creativity as teaching did for her.

Brenda **Dod** Raine will take over the private kindergarten at Trinity Episcopal Church in Rocky Mount. She will be teaching also and her daughter Susannah will begin kindergarten there. Her son, Michaux, IV, is now 8½. Jeanine **McKenzie** Allen had a "big" June, 1971. Her husband Larie completed his master's degree from W&M, and their son was born — both events in the same week! They will be moving soon — residence uncertain at present. Their daughter Cheryl attended kindergarten this past year and loved it!

Our up-coming tenth reunion has brought response from many. Lee **Warriner** Scott, who lives in Farmville, has offered to help with any arrangements for it. She also encourages all of us to attend. Her two daughters keep Lee busy. Kathryn, her 5-year-old daughter, attended LC campus school kindergarten this past year. Her husband Marvin, who is Chairman of the Dept. of Natural Sciences at Longwood, and Mary Lee spent their vacation hunting antiques in New England.

Mary Kay **Rice** Van Hooser hopes to see many "old" friends at our reunion. Mary Kay and husband Roger enjoy skiing in the winter and are proud of their summer gardens. Her newest interest is studying the piano. She has two children, Kara and Nathan. Like some of our other classmates, Mary Kay has completed two post-graduate courses in art. Never any idle time for some!

Diane **Snow** Campbell volunteers her time one afternoon each week in a day nursery for children from low-income families. Her own children, Landon and Jonathan, give her plenty of fun and busy times as well! Diana writes that Carletta **Wisecarver** Shaner lives in Fairfax.

Zee **Tapp** Stuart and her family have moved from Roanoke to Houston, Texas. She says the weather there makes possible for her to play tennis and golf three or four times a week. Her husband Marshall coaches at a private school there and expects to complete his master's from the Univ. of Houston. They have traveled to Mexico City, Guadalajara, and Acapulco, Mexico. In addition to her outdoor sports, Zee cares for her sons, Jeb and Graham. Judy **Tucker** Johnson is teaching at Churchland High School in Portsmouth.

Rosemary **Henry** Thomas and her family moved to Omaha, Neb. last summer where her husband is stationed at SAC Headquarters Offutt AFB. After this duty is over, they hope to get an overseas tour. Ray was recently promoted to major — this new position and her two sons, Charles and Bill, fill her daily agenda!

This past year, I found how difficult it is to get back into the studying mood! I took two courses in business administration at ODU to renew my certificate. It was fun, but work. Also, I taught two shorthand classes in night school at a local high school this past semester. I enjoy the adult program very much. Next year I'll be an advisor to the Phi Mu sorority chapter I helped to organize at ODU, Norfolk. During the day though, my sons David, Jr. and Steven keep me from idle moments. It's hard to believe David will enter school this coming September. My husband David received a promotion recently — to the Planning Department at the Norfolk Naval Ship Yard.

Those of you who sent information about our other classmates were very helpful. I don't hear from everyone, so if you have news of others, please write it in your letters to me. I do appreciate your cooperation in answering my "mimeographed" reminder. I, along with others, hope to see **most** of you at our reunion in the spring of 1972.

Forty-three Green and White cards and letters, three color snapshots and a check for $5.00 — it was such fun to go to the mailbox during those weeks in August! I looked and looked for a note from YOU, but I suppose you were just too busy to take pen in hand. Anyway, I'm sure you would like to hear about our Class of 1963 —

Still on the move are Charlene **Owen** McKay, Johnny and year old Cathy. Navy Lt. Commander John was to receive his Master's in Computer Science in September in Monterey, Calif. and then the McKays looked forward to a new assignment in Newport, R. I. Pam **Bullen** Warden, Dr. Jim and their two children have loved southern Calif. (San Diego) but Jim finishes his Navy surgical residency this year and then "no telling where".

Not quite so far away are John and Carol **Nye** Parod and their preschoolers; John is a physician in general practice in the Minneapolis area and everyone loves it up North. They're all learning to ski and skate — "to keep young" as Carol says. From coastal North Carolina to Kalamazoo, Mich. was the long move last year for Carole **Buckner** Brown and her family. Jay is working with the Brown Company on a computer system for process control in paper making. All that snow was a new experience for the three Brown children and the whole family enjoyed ice skating last winter; the summer was spent camping and visiting points of interest on the Great Lakes. Carole also wrote about seeing Judy **Pollard** Hawthorne and Walter on a trip south in June.

Betty **Stack** Abraham wrote from Livonia, Mich. where Al works in the Sales Office at General Tire and Rubber Company. The Abrahams moved from Akron, Ohio to the Detroit suburbs last year and their daughters, Kim and Carolyn, are hoping for a new brother in December. Bill and Nancy **Hague** Ragsdale moved to Chicago in June for an internship at The Ecumenical Institute and Nancy said that corporate community life was a challenging and exciting experience. Their small son and daughter spent the summer at a camp in Mississippi while Nancy and Bill got settled into work.

Melinda **Walker** Edwards is in the Baltimore area and they were moving from Reistertown to Towson, Md. in August. Melinda and Wally are coping with the "whying" stage of three year old Carter, who enjoys being big brother to new little Melanie. Melinda also had news of Judy **Bright** Munson and Tom and two year old Alan; they live in Richmond and Tom works for VEPCO. Diane **Whitley** Sparzak wrote from Bel Air, Md. that John 3, is a Sesame Street fan, that husband John returned to graduate studies at Towson State College in Sept., and that they were all looking forward to a new baby in November. Diane is in the same bridge club with Margaret **McCue** Hutchinson and she had seen Callie **Foldesi** Carruba at Easter; Callie is teaching in Hopewell. Ed and Kay **Nottingham** Lee have moved seven times in six years and this is their second trip to Hagerstown, Md. where Ed was recently promoted to manager of the Crawford Company office. Kay keeps busy with Jennifer 2, and Whitney 1, but she and Ed manage to "slip away" to many auctions in their area. Kay had heard from Betty **Boyd** Riggs and Larry, who are living in Chesapeake with their son (born on Aug. 2, 1971), and she also had news of Lani **Robinson** Brewer. Lani and Toddy and their two girls have sold their home in Barrington, Ill. and plan to move to Atlanta soon.

A long newsy letter came from Ann **Greene** Hodges. (How did she find time with "terrible two" year old Hank and delightful six-month old Katie?) Greenie and Rusty are in Columbia, S. C. and Rusty was one of the top ten Coty salesmen in the country last year. We don't have Gari's address, but Greenie wrote that Gari **Dickson** Laird and Dee are proud parents of a son, David Edward, born in January 1971. Alice **White** Trainer told Greenie that she and John and Jay, 2, planned to move to Jacksonville, Fla. where John would be teaching.

Lucy **Swink** Damiani is tutoring and teaching homebound students in addition to being mother to active Susan and Stephen. She's in Burlington, Mass. and

sees Cynthia **Gay** Reardon often. Roberta **Cobb** Woolridge wrote from Governor's Island, N. Y. with the news that she has retired from the business world to care for eighteen month old Marta. Ed is a Public Health Service dentist and recently received his law degree. Roberta sees Betsy **Hurt** Carter, Robert and their three children when she visits in Appomattox and she also wrote that Tinsley **Crump** Preston, Put and little Putnam IV are stationed with the Marines at Seaside, Calif.

Glad to give up teaching and welcome a new son was Mary **Reynolds** Himes. Ben works with International Harvester in Louisville, Ky. and Mary and Jeffrey Brent stay at home and enjoy each other. She mentioned that Nikki **Fallis**, '62, is at Stratford College in Danville and that Elaine **Bane** Mears' fourth pregnancy turned out to be twins. Somehow Elaine is allegedly finding time to redecorate an old home she and Bob bought in Roanoke. Shelby **Lucy** Hawthorne's Billy will be teaching accounting at the U. of Tenn. this year while finishing up his Doctorate. Shelby is head of the math department at a Knox County high school and three year old Alice will be going to school, too — nursery school, that is.

Sherrill **Hudlow** Suiter wrote from Charlotte, N. C. that Steven started to school this fall and Sherrill and year old Sarah Sue love being at home together while Roger works for Imperial Chemicals Industries. She looked forward to an August visit with Sarah **Decker** Johnson and her two daughters and the Suiters frequently see Bill and Joyce **Cundiff** Highsmith. William and Malinda (tiny ones — two and one year old) keep Joyce busy and Bill works for Texaco in Charlotte. Martha **Warren** Mathews went to school part time for three years and received her master's from UNC last year. She, Val, Ernie and Heather moved to Raleigh in February 1970 and Martha planned to substitute at little Ernie's preschool this fall.

Stayling on the go is Brenda **Smith** Grieves — and she always sees someone she knows! She and Josie **O'Hop** Curls met in the Tampa airport when both were going home to Norfolk to visit. Josie and her two children have lived in Lakeland, Fla. for several years. Brenda and Bob are redoing an old Spanish home in Tampa and planned to make "the latest and final move" with their three big boys in November. Randy and Bobbie **Goodman** Fitzgerald have been teaching in S. C. and Brenda will miss them when they go back to Charlottesville in the fall. She heard that Carol **Walton** Costenbader lives in Greenville, N. C. where Doctor Bill has opened an ENT practice. Brenda even came to Charleston last year, but she thought we were in Wheeling so we missed her.

Kay **Lockridge** Goodman wrote from Lexington, where Bob is established in a wholesaling business. Their daughters are Kate and Beth. Bob Goodman and Ruby **Whiteside** Leighton's husband, John, hunt and fish together. The Leightons have a son and a daughter and Ruby commuted to Charlottesville to complete her master's as a reading specialist; she teaches in Rockbridge County and John is a draftsman for Lee Carpets.

Ellie **Bogan** Woosley and Larry enjoy seeing many Longwood and H-SC friends up in Waynesboro. Ellie planned to retire from kindergarten teaching and she and three year old Cameron will be busy this fall making their guest room into a nursery for a new arrival in February. Also in Waynesboro are Rod and Joyce **Outland** Bradt and their two preschool boys; they expect a third child in January. Rod received his master's at UVA during the summer and is an elementary principal. Joyce plays bridge with two other Longwood graduates, Judy **Beck** Simons, '64, and Mary Kay **Rice** Van Hooser ,'62; the Bradts visit in Norfolk with Marilyn **Hobbs** Alley and her family.

Nell **Martin** Jones, Lewis and their two children have moved into a new home in Amherst. Hal is three years old and their newest news is year old Penny. Nell wrote that Ellen **Terry** Tunicliff had returned from Hawaii and is living in Martinez, Ga. where Jerry is stationed now. Mary Lou **Plunkett** Howerton's Ben is Director of Secondary Education in the Charlottesville school system and Mary Lou had been teaching while he finished his doctorate. She worked under our Dr. Lankford at UVA before and planned to go back on a part-time basis in the Office of Institutional Analysis. Her little man, three year old Benny, looked forward to nursery school in the fall.

Rosa **Pettit** Noyes is delighted that Ned no longer travels in his new job as sales supervisor with the Roanoke Distributing Company. Little Catherine is happy with her new sister, Jane Perry. Another busy one in Roanoke is Susan **Lane** Foard with her "three new models" in twenty-six months! Susan keeps moving with her daughter and two sons, but she somehow finds time for sewing, church work and learning about sailing the kayak Bob bought recently.

Since returning from a two year Army tour in Panama in 1969, Willard and Frances **Webster** Robins have lived in the Hampton area and at Drakes Branch, where Willard has been in management with Burlington Industries. When Fran wrote, he had been transferred to Halifax and was commuting while they looked for a house. Fran has retired from teaching to be at home with little Kimberly, born in January 1971. Barbara Gray **Martin** Robinson and Don had big news to report: eight pounds of Kristin Gray, born in August. BeeGee was just home from the hospital when she wrote and she planned to return to teaching at Prince Edward Academy later in the year. Janice **Harris** Overbey and Buck also sent happy news from Chatham. Janice was thrilled to exchange teaching for caring for wee Judith Cameron, born on December 24, 1970. Buck's law partner is a candidate for the State Senate, so he has spent quite a busy spring and summer.

Says Joyce **Powell** Still, "I've kept busy with babies — three of them, Michael, Stephen, and Rebecca," but she is working for the Republicans and had visited with Prof. Helms at a recent convention. Her Bill is Foreign Languages Supervisor for Hampton Schools. Listed in Outstanding Young Women of America this year was Toni **Young** Phillips, who was Charter President of the Junior Woman's Club and works with the local hospital auxiliary and Methodist Church. Her Billy owns a clothing store in Franklin and Toni keeps busy with four-year-old JoAnna. Joyce **Dunkley** Brinkley lives in Suffolk, and has a son and daughter. She does some substitute teaching and works as secretary in her husband's commercial construction office.

Jean **Penick** Derrenbacker took last year off from teaching in Chesterfield County to be with new little Beverly Winsor, but she planned to return to work in the fall. Virginia **Brockwell** Wineski taught in Chesterfield for seven years, but she is "just keeping house and enjoying year old Carol Lynn now." Husband Ed is football coach at Prince George County High; the Wineskis live in Colonial Heights.

Laurice **Hamlet** is the Extension Agent in Home Economics for Accomack County. She received a Master's in Clothing Textiles and Related Art last year. Peggy **Pond** Anderson moved from the Eastern Shore to Virginia Beach in 1970 and her husband is minister of the Kempsville Presbyterian Church there; they have a boy and a girl. Frank and Joan **McKenna** Ward had visited with the Andersons last winter and Joan is teaching Spanish at a community college on the peninsula. Peggy wrote that Sharon **Coulter** Gibb has been working in a cooperative kindergarten and caring for four-year-old Alice and Carson teaches at Baltimore College; he has published a new book, **Exposition and Literature.**

Shirley **Russell** Alexander and her three children spent the summer in Waukegan, Ill. while Gilbert was there on business. They rented an apartment and spent the weekends sight seeing. The Alexanders live in Chesapeake. Sue **Wilhelm** Nichols taught for six years in that city and she plans to begin working on a master's at Old Dominion. Her husband Randolph received his doctorate in Education from UVA and is Director of Research, Testing and Guidance in the Chesapeake Public Schools.

Ellen **Brady** Brohard wrote her very latest news, the birth of second son Mark in August. The Brohards are living in Leesburg and Ellen will teach a typing class at the Maderia School in McLean this fall; she also teaches in the local Adult Education program. Jeanette **Thompson** Roberts enjoyed seeing Kay **Lockridge** Goodman and Scottie **McGregor** Polly at Founders Day last spring. She and Ed are living at Mathews, N. C. (near Charlotte) and Jeanette keeps busy with her preschool son and daughter.

Guess who's at Longwood? Lindy Hatch wrote for the first time — she really has been busy for the past eight years with working for a master's at Indiana University and then teaching for two years at George Mason College in Fairfax. She began working on her Ph.D. in Anatomy at MCV in 1968 and hoped to receive it before Christmas this year. In the meantime she will be part of the Longwood faculty in the Department of Natural Sciences — and we'll get to see her at the reunion! Lindy also had news of Betty Lou Dunn and Barbara Stewart, both of whom are teaching in Alexandria. Betty Lou was finishing her master's at UNC in Greensboro and Barbara had already received her degree from the U. of Tenn.

Jane **Bowling** Mays found time to be President of the Nelson County Education Association last year and is teaching home economics and caring for two-year-old

Michelle. Bill is a cattleman and farmer in Piney River and Jane has a new catering business; she plans to attend a professional food school in Chicago next summer.

Faye **Stone** Burkwall and husband Paul were recently appointed missionaries and expect to be assigned to Zambia. They were both missionary journeymen in Nigeria for two years, where they first met.

Always the faithful correspondent is Margaret **Vaughan**, who wrote that Dudley **Brooks** Buck and Suzanne Sloop had received master's degrees in education from UVA this past summer and that Sally **Sims** Jones is teaching in Prince William. Jerry **Clarke** Chaney, Bill and their two children are in Kenbridge and Tommy and Elaine **Lohr** Alfano have three daughters and are living in Ashland. Rosilyn **Wright** Parker lives in Wake Forest, N. C. Margaret also mentioned that she has a new job as a teaching dean at Blue Ridge School in Purcellville (Loudoun County). She asked us not to forget our dear "Charlie Hop." He does love the Green and Whites and would so much enjoy a card or note.

As usual it was great fun hearing from all of you this year. The big news seems to be weddings and births. The first wedding was that of Pat Brooks to Bill Stewart and you might call it a Longwood wedding since her bridesmaids were Ann **Sink** Miles, Betsy MacCorkle, Linda Everly, and yours truly. We really had a great time together at all the pre-wedding activities! Pat is employed as a Counselor at the Psychological Services Center at VCU and Bill is a Psychologist with the Richmond City School System. At the time of Pat's wedding, Linda Everly became engaged to Michael Sulkin and they married in June. Betsy MacCorkle, Pat **Brooks** Stewart and Bobbie **Cadow** Rutherford were among Linda's bridesmaids. After a honeymoon to Bermuda, Linda and Mike settled in Richmond where Mike is a chief resident in surgery at MCV. Sue **Spellman** Elliott, who was mistress of ceremonies at Linda's wedding, is now in Hopewell where Rob is a JAG Officer, at Ft. Lee. They are building a home in Chester and Sue is a remedial reading teacher in Colonial Heights. Among the guests at the reception I saw Martha **Rose** MaGee and Russ. They are expecting their first child soon.

Betsy MacCorkle finished her master's degree at W&M in special education this summer. Bobbie **Cadow** Rutherford and Woody enjoyed their trip to Bermuda in Sept. and took in the Theta Delta Convention while there. In March Joy **Smith** McCool and her family came to visit us for

John and Nancy **Hovey-King** Morris, '64 active in square dancing

a few days and we left our children with Sandra Millican, '65 and went to Raleigh to the NCAA Eastern Regional Basketball Tournament. We met Bobbie and Woody at the game and had dinner with them afterwards.

Sandra **Cowan** Pemberton and Dwight spent last year in Raleigh where he was on an educational leave completing his graduate work. They have moved back to Collinsville where Sandra is busy with their new son Brandon who was born in April 1971. Just two weeks after they moved in their new home, Charlene Marie was born to Dana **Brewer** Nigaglioni and Rubin. Two months later Dana re-entered the hospital for a gall bladder operation, but she's doing fine now and plans to return to Catholic Univ. of Puerto Rico this fall where Rubin has been promoted to asst. professor and has been named to the University's Academic Senate.

Betty **Howard** Hutchison helped to organize a cooperative kindergarten this year that included 5-year-old Andy. In her free time — after piano students and being church organist — Betty sings with the Loudoun Co. Choral Society, but her big highlight of the year was a case of the chicken pox! Some people will go to great lengths to stay young. . . .

Betty Ruth **Stimpson** Anderson and Bill have had their fourth girl who was named Julie. Bill became licensed as a Certified Public Accountant and Betty Ruth finds time for garden club and church work. Carol **Benton** Robinson will be teaching at the Virginia Beach campus of Tidewater Community College this year. Ann **Carroll** Weaver is leaving VSDB to teach first grade in the First Baptist Day School which is geared to children whose birthdays are too late for public school but will be six by January.

Mary Iva **Cook** Jones wrote from Camp Weyanoke where she and Cabell are helping Ronnie direct the YMCA camp for the summer. Jeann **Kafer** Stern is still on Capitol Hill and her husband Jeff is with the newly created Environmental Protection Agency in the Public Information Office. They have just returned from a three week vacation trip to the west coast — driving across the country and flying back.

Evelyn **Gray** Harris has served on the National Alumnae Board and represented L.C. at many functions across the state. She sends a message to all the class of '64 and asks us to support our local chapters. "We have so much talent and enthusiam in our class and a bit of it — shared again in behalf of Longwood will go a long way in helping the college **and** bringing back the pleasure of good memories . . ." As far as Evelyn's personal life is concerned, she and D. C. have adopted a baby boy named Graham who was born in January.

Sandra Burnett and William F. Roeder, Jr. were married in July. Bill is a lawyer in Fairfax where they have purchased a house, and Sandra plans to continue working for the Fairfax Co. School System as a Guidance Counselor. She reports that Diane Turner, who teaches with Sandra, was married in Dec. to Ronald Kelly Ingoe who is also a Fairfax lawyer. Terry Watson, who has married Aubrey S. Hayes, was a bridesmaid in Sandra's wedding. Carol Lee **Baumgardner** Anvender and her husband William made the trip from their home in Puerto Rico to attend the wedding. Anne Scott **Thompson** Douthat and Jim are in Ft. Bragg where he is in the Army and Anne Scott is busy with their son Fielding. Peggy **Vanderberry** Tavin is in Norfolk where Jimmy is in business and Peggy teaches and takes care of Susan. Martie White married Douglas Moore last Aug. and they live in Norfolk where he practices medicine.

Naomi **Golladay** Wilson keeps busy with Susan, 3 and Catie, 1. Patti **O'Neil** Woodruff is in Germany where her husband is a dentist with the Army. Judy **Owens** DeStefon is in Winston-Salem and has two sons Michael 3 and Scott 1. Wanda **Robertson** Miller is in Neptune City, N. J. where her husband is a commercial pilot.

Cynthia **Alcock** Rizzo and Joseph love Mass. where he has a government job which takes him to many interesting places in the New England area. They have just moved into a new home. Judy **Partrea** Stone and Ken are planning an Oct. vacation to Orlando, Fla. for the opening of Disney World where they will meet Judy's parents for a visit. She extends an invitation to anyone traveling in the Oklahoma City area to come for a visit.

Jeanette **Elder** Crosswhite is finishing her teaching contract at Milligan College this year while picking up a certification in Elementary Education. Dean will be teaching computer science with the Nashville Metropolitan School System. Paula **Kirby** Blundell and Frank have a son, Scott Kirby, who was born in April. She and Frank planned to attend Hampden-Sydney homecoming.

Carolyn **Anderson** Coleman and Dan had a son, Robby, in June. They are in Appomattox where she teaches first grade and is President of the Longwood Alumnae Chapter there. Meanwhile she and Dan are in the process of building a new home. Danette Blundell had two student teachers from George Mason College at Rippon Junior High School in Woodbridge where she sponsors the annual student-teacher talent show and the dance club. Those of you who live in the Virginia Beach area with school age children should be on the lookout for "Smokey the Bear" when he comes to your child's school. He most probably is the husband of Anne **Fentress** Bright — better know as Jim. He is with the Va. Division of Forestry and, accord-

ing to Anne, is the only "naturally padded bear" in the district!

Carolyn **Houser** Reid had another son Dwayne Dustin in December. Billy started kindergarten this fall. Meanwhile she and Bo are remodeling their present home and planning their future vacation home on recently purchased land in Florida. Shirley **Carr** Derby had a girl in July of 1970 named Sandy Anita. Jean **Cralle** Sisson planned to go back to teaching sixth grade in October after her first child was born in late summer.

Peggy Gill, who is an Air Force Captain, wrote from Farmville where she had just seen the Longwood campus for the first time in several years and she was quite impressed. She was on vacation before shipping out to Korea until Aug. 1972. Charlotte **McClung** Holmes and Alex had a son Scott Alexander in Aug. 1970. Three year old Chery is a "big helper" with her brother. In her spare time Charlotte teaches a Sunday School class of 7th grade girls and plays in the church handbell choir. She is planning to tutor underprivileged children this fall. She and Alex plan to spend a few days in Cincinnati with Melanie **Wilkes** Byrd and Frank this summer.

Mary Ann **Lipford** Reynolds is caring for her son Andy and writing speeches for Governor Nunn of Ky. She and Ern, who is continuing law studies, have renovated and live in an old abandoned parsonage. A visit from Ginny Sturm at Christmas was a real treat. Barbara **Gibson** Lewis retired from teaching to care for their first son Jeremy Shannon who was born in Feb. Ron is now a part owner of a costume shop in Richmond as well as continuing his full time job in real estate. Mary Anne **Debnam** Eure and Jack have settled down in Suffolk after three years of Marine Corps travels. Jack is now running for Commonwealth's Attorney of Nansemond Co. Their next-door neighbor was Betsy MacCorkle's roommate in summer school at W&M . . . small world, huh!

Judi **Hackney** Peay and Jim had a redheaded girl in Jan. named Tiffany Camille. Judi's newest project is a Child-Parent Development Center for pre-school children and their mothers. Evelyn Woods will be assistant principal at Stafford Elementary in Stafford Co. during the 1971-72 school term.

Stacy **Jackson** Goode and George are expecting their first child in Dec. George is working on his Ph.D. in Neuro-Anatomy at MCV and he expects to teach and do research. They are living in a 150-year-old restored home in the historic Church Hill section of Richmond which was open for the Garden Week Tour and the Christmas Tour. She and George went to England last Aug. to buy antiques for the house and spent three weeks driving through the countryside. She told me that Joyce **Lake** Robinson had her third boy this spring. Robby must be trying for a basketball team of his own.

We're still in Richmond and in July we had a nice visit from Pam Croy who has been initiated into Delta Kappa Gamma and is listed in the Volume of Outstanding Young Women for 1971. She is Chairman of the Giles Co. Democratic Committee and 2nd Vice-President of the 9th District Democratic Woman's Club. Johnny and I, Cathy, (3) and Anne, (2) spent a week at Cape Hatteras in late June and, while on a day trip to Nags Head, we went into the "Ole Hurricane" to grab a sandwich and who was there but Phyllis **Howell** Taylor. She and her husband Hugh own and manage the O.H. in the summer. They spend the winters in Franklin where Hugh is in the catering business. It really is a small world! My big excitement of the summer was a trip Johnny and I had to the Virgin Islands in Aug. Barbie and I enjoyed another gab session with all your letters again this year. When you send us news about somebody in our class please send us an address because there are so many in our class with whom we have lost contact and you just possibly might know where they are. Thanks so much for your cooperation and support. I just hope you all enjoy reading the news of our classmates as much as Barbie and I enjoy receiving and compiling it. And now, here's Barbie!

Dwayne Dustin, 4 mo., son of Carolyn **Houser** Reid, '64

Joan **Perry** Brock and Macon have moved into a new home to accommodate a new son born in June. Joan sent news of the wedding of Becky James to Robert Jay Leach in July describing it as "the biggest social gala of the year." Longwood ladies were quite in evidence as Rena **Weld** Wheeler, Nancy **Burke** Heflin, Carol **Martin** Blackman, Lynn **Osteen** Beale, Judy **Melchor** Little and Jane Carol Maddox all witnessed the event. Lynn and her husband have moved to Churchland and became proud parents of a baby girl in January. Joan reported that Judy **Melchor** Little and Tim are expecting, as are Nancy **Burke** Heflin and Roger, who are living in Blacksburg. Rena **Weld** Wheeler and John are living in Clifton Forge with their sons Chris and Scott, and according to Joan, Jane Carol Maddox still heads the glamor list in Washington and is "having a ball."

Ginny **Summers** Chiostergi is interested "in seeing what real housewives do all day long" as she retires from high school guidance counseling for awhile, anticipating just one little counselor to whom she can devote her time. Ginny says that Rosa **Doyle** Rhodes lives close by and has become an expert at caring for home and baby Annette. Linda **Paris** Wyatt has retired after six years of teaching. She and her husband are buying a home in Woodbridge as they also await their first child. They have joined the camping crowd and hope to continue with baby Wyatt. Joan **Voliva** Kerns has joined the list of temporary retirees as she and Larry await their first child in November. They have moved into a new home in Virginia Beach and have spent two weeks-plus touring Quebec and Ontario.

It sounds like we could use the services of Barbara **Poland** Raine on this side of the ocean since she spends part of her time teaching an exercise class for expectant women interested in natural childbirth. We seem to have quite a few candidates. After much moving around last year Barbara, Dudley and little Dudley have settled in Karlsruhe, Germany. (Remember Margie **Twilley** McDonald's mad search for a hospital in Karlsruhe last year?) While Dudley stays busy seeing patients from morning until night, Barbara enjoys dinners and trips with the International Officers' Wives Club, composed of French, German and American women, and plans family trips. This spring found them in Holland for the annual tulip parade and a visit to the Keukenhof Gardens. This summer they plan a long trip to Greece and a cruise to seven of the major islands, followed by a few days in Italy.

Mary **Wood** Webb teaches 4th grade in Campbell County and is serving as president of Fort Hill Junior Woman's Club in Lynchburg. Barbara Waddell completed requirements for a Master's Degree in Education at Longwood this summer and is principal of Pamplin Elementary School in Appromatox County. Jean **Bristow** Venable has received her master's from VCU and is teaching second grade in Henrico County.

Sandy **Waugh** Burton keeps busy with plans for building their new home, keeping up with son Bill, and playing golf. She hears from Peggy **Whittaker** Pitts. Punky **Dod** Brooks is living in Spartanburg, S. C. where Wayne is a C. E. with a consulting firm. They have two children Ann Tyler, (4) and Sara Beth, (1). Punky says all Virginians are welcome on their doorstep if you're down that way. Susan **Shepherd** Eacho writes from Jacksonville that she stays busy chasing Deborah and Charles, Jr. and enjoying the beach with her family. She chats often with neighbor Carroll **Tew** Reid.

Betty **Thompson** Gibbs and her two sons Steven, (3) and Tommy, (1) are enjoying the many Washington, D. C. area activities while husband Dan is spending fifteen months stationed in Taiwan. They're all looking forward to a reunion in December and another move with the Air Force. Ann **Lawrence** Elmes has visited Nags Head and Boston this summer and writes that husband David has been promoted from assistant professor to associate professor. He has a Sloan Grant again this summer and "researches like mad" while Anne spends her time ambitiously decoupaging, creweling, sewing, decorating and anything else she can think of.

Rowena Yates will be working with a pilot project this fall in a new school operating on a twelve-month basis, where three-fourths of the pupils are in school

at any one time. Rowena was on hand to help Jeannie **Kafer** Stern and husband celebrate their first anniversary before they left for a trip to California.

Linda **Nelson** Ellington and husband Pete are teaching in next-door schools in Blackstone, where Linda teaches English and spelling to fifth graders and Pete was voted Key Man of the Year in the Jaycees. Linda hears from Ann **Stokes** Hilburn in Ruston, La. Ann's husband Tom teaches college math and they have two sons Paul and Andrew. Bev. **Pruitt** Bayliss and Rich have bought a summer home at a beach near Fredericksburg and they enjoy spending weekends there. She writes of Frances **Haga** Knight's new daughter Robin Lynn born in May. Frances and Les are living in Bainbridge, Md. while Les is in school. Bev. and Rich are proud godparents to the new baby. Nan **Hovey-King** Morris and John were elected to serve as presidents of Portland, Oregon Area Council of Square Dancers. This is quite an honor and responsibility — over fifty-five clubs and 3,000 people. Nan has retired from her medical assistant and bookkeeper's job to spend more time with her girls and househunting.

Bryan Thorpe, 6 mo., son of Peggy **Thorpe** Vaughan, '64

Kay Orr has been helping organize and is serving as the first president of the Fredericksburg area Longwood Alumnae Chapter. She is excited about the attendance and enthusiasm so far and is making plans for a coke party for L. C. students and those interested in Longwood. In getting organized Kay had dinner with Liz Jones, alumnae director, and Frances Brooks of the Admissions Office and enjoyed hearing about the many changes at the college. During the past year Kay taught typing and office practice in a night adult education program in addition to her school counseling duties, which she will continue next year. She also has been elected president of the Fredericksburg branch of the AAUW.

Dee **Watkins** Zborill and Walter have moved to Woodbridge where he is a Computer Systems Analyst for the Army at Ft. Belvoir. Dee's year was made more exciting by the birth of a son in November named Walter Franklin, III, "Trey" for short. She finds time for AAUW where she attended a French conversation group until babysitters became a problem. Doesn't that sound familiar? She hears from Ellen **Barnes** Wood who is living in Martinsville. After a trip to Florida and Nassau in July Doris **Smith** Engel and family will move to State College, Pa. where her husband is to develop a course and write a book at Penn State. He has been granted a leave of absence from Hampden-Sydney. He plans to work on another degree while Doris takes a few courses, hopefully to earn a master's degree. She sends a picture of her "live wires" Samantha (3) and their new son Shannon born in Oct.

Betty Ann **Rex** Spiers and Bobby are enjoying a summer of leisure after their first year of teaching in Roanoke County. To Betty Ann leisure means hard work on their new home and several private piano pupils. Betty Ann looks forward to returning to elementary music this fall after teaching on an intermediate level last year. Katie **Wood** Chamberlain reports a move to a larger home in Potomac, Md. as their first house just wouldn't grow with the family. Joyce **Waldburger** Greenwell has also moved into a new home in Hanover County. Having retired from teaching she keeps busy with Boy's Club work and volunteer projects.

Ginger **Groobey Elliot** '65 and Jay and Kathy **Shelton** Koch and Buddy enjoyed getting together at Hampden-Sydney's homecoming last fall and naturally the girls couldn't resist a quick tour of Longwood's new attractions in addition to a little reminiscing in their old dorms. They felt a little sad in learning of our Mrs. Goodman's retirement from South Cunningham. Ginger, Jay and daughter Kristin, (2) are now living in Rocky Mount where Jay is running a branch of an architectural woodworking firm. Ginger keeps busy with Junior Guild work, substituting, and her "super-active" daughter. In traveling between Norfolk and Rocky Mount she was able to visit with Toni **Raymond** Gardy and Peggy **Thorpe** Vaughan. Peggy has given up teaching in preference for staying home with her two boys and she sends a picture of young Bryan. She teaches interior decorating one night a week at Halifax Technical Institute "to get her out of the house". That statement rings familiar to many! Kelly has also given up teaching to become Vocational Rehabilitation Counselor at Southampton Correctional Farm and is getting ready to go into Civil Air Patrol. Toni **Raymond** Gardy sends news and a picture of her first child born in September 1970. She also sends word of Sandy **Foster** Birdsong's first child McLemore, III, and Sharron **Howell** Smith's new son Christopher. Sharron and Ray are living in Virginia Beach.

Carolyn **Munt** Thacker has a new son James Lee, III, born last July. Lisa (4) already keeps Carolyn busy in the carpool brigade. She and Jimmy vacationed in Florida last fall and particularly liked visiting underground Atlanta! Margie **Twilley** McDonald finds the joys of motherhood and wifehood quite exciting but takes time for a few classes at Purdue where Pete is in the computer science department. Margie's latest interest is sociology.

Ginny Sturm is spending the summer on this side of the ocean in Winchester but plans to return to Paris in the fall to resume her job of teaching English to French businessmen. A trés envieable position, n'est-ce pas? Ginny keeps in touch with

Shannon, 7 mo., and Samantha, 3, children of Doris **Smith** Engel, '64

Betty Jean **Russell** McMurran and Mary Anne **Lipford** Reynolds who is writing speeches for the governor of Kentucky. Betty Jean is enjoying being at the beach for the summer and hopes for a visit from Ginny. Betty Jean saw Miss Allen and Malinda Ayres while there. She and Dennis are expecting their second child in Sept.

After a year in Monmouth, Ore. Judy **Woodham** Reitz and Robert are in Annapolis, Md. with teen-age Ronald and four-year old daughter Caryn. They have a camping trailer in Pa. where they enjoy the cool tranquility of the mountains after a hectic year in the classroom. I caught up with Pat **Rea** Struzziero in Cumberland Foreside, Maine. Before her marriage she lived in the Washington, D. C. area and her highlights there included partying at the Finnish Ambassador's home, Octoberfest at the German Embassy and meeting her husband Ralph. After a couple of years in Cambridge, Mass. Ralph accepted a job in Portland, Maine and has now started his own company, where Pat does "just about everything from running errands to performing as secretary-treasurer of the Board and loves it". They have a home on Casco Bay where they share a private beach with other residents. Cindy **Davenport** Eberwine spent most of her summer pushing a paintbrush and redecorating her folks' home and her own. With John involved in the Rescue Squad, Cindy enjoys working with the Auxiliary, has taken a first aid course and plans to take a course in closed heart massage. They visited Atlanta and Savannah in March and Cindy, her sister, and two children, Heather and John, went to Pa. in August to view an Andrew Wyeth exhibit.

Buddy and I (Barbie **Fields** Lucord) began a summer of highlights with a cruise to Bermuda in June with my folks (Lois **Jinkins** Fields '37. We felt the call of the sea and sun and sailing so strongly that we bought a 24-foot sailboat and have spent several weekends sailing on the Bay with our boys Bruce and Mark. It's quite exciting. Another highlight has been receiving and compiling your letters. Thanks to each one of you who has taken the time to drop Carol and me a line. Each one is appreciated and there is always a classmate waiting to hear from you. So until next year . . .

A lot of news has transpired since last year when I wrote the newsletter from Taos, N. M. while visiting with Sandra **Craig** Rowe and Art. To begin with, the Rowes welcomed a son Jeff in August (a month early) and I have been able to visit with him twice since then, at Christmas in Winchester when Tot Sykes and I drove down for the day to see the Rowes at Art's mother's home and in Feb. when Sandra stayed over with us on her return to N. M. Sandra also spent a few days with Sissy **Shute** McClellan and George in Alexandria while on her stopover. Sissy and George became parents in March (a month early, too!) of a daughter, Ann Brittian. So my former suite-mates are busy being mothers these days. My ex-roommate Barbara Jo **Crumley** Bunch and Allen have pulled up stakes in Highland Springs and moved to Seven Mile Ford in southwestern Va. near the Tenn. border. Allen is working for an insurance company and B. J. is settling into a new home and surroundings. She plans to substitute teach and "do all the things she never had time to do" while teaching full-time. Tot received her master's from Duke and is teaching in Fairfax. She is an avid photographer in her spare time.

After my son and I left Taos, we were reunited in Omaha with my husband and after six weeks left for "HOME" — the long way — we went west first as far as Laramie, Wyo. where we were the dinner guests of Lynn **Guerin** Johnson and her husband Tony. We left her two girls and my one boy with a sitter and spent a fun evening which was all too short. Lynn heard from Bobbi Rice in Calif. Bobbi hoped to visit Lynn soon as she and her husband had tentative plans of moving to Calif.

In Nov., Joyce **Powell** McNeil wrote a lengthly contribution to our newsletter. She also enclosed a clever birth announcement which her husband Brian had made when their daughter Anne Hawthorne was born in Sept. 1970. Joyce and Brian have moved into a new home in Lynchburg where Brian works for Babcock and Wilcox. Baby Anne temporarily interrupted Joyce's course taking at Lynchburg College.

Mary Virginia **Barnes** Bates and Bobby have one more year in the Air Force in Panama City, Fla. Mary Virginia retired from full-time teaching this year and is doing substituting. She and Bobby have gotten an Irish Setter puppy. Betty Flo **Biddlecomb** Haynie and Steve have a son Drew. They lived in Knoxville, Tenn. while Steve got his master's at UT. They moved to Williamsburg in the fall where Steve is coaching at W&M. Betty Flo retired from teaching this year. Bettilu Bowles is teaching French at Tucker High in Richmond. One of my sisters-in-law has her for her home room teacher. Sally **Hall** Whitehurst and Bob have two daughters, Ann and Molly, and they live in Bon Air. Anne **Cordle** Hamlett and Ryland had a girl, Meredith Page, in Sept., 1970. Anne plans to return to teaching soon. Catherine **Hughes** Abernathy and Ted have a daughter Meg (1) and live in Richmond. Jean **Harrell** Harnes and Terry have a son and are expecting another child. Sarah **Ogilvie** Cockrill and Bob live in Richmond where Sarah is teaching. Ann **Garrett** Chiles and Wayne have a daughter Stephanie Ann, 1½. Ann's been retired from teaching the past two school years. Ann and Wayne are the godparents to Joyce and Brian's daughter.

At Christmas I received a card from June **Wilson** Grant with not a bit of news! Come on June and the rest of you '65ers, give me a hand!

In May Sissy received a letter from Mary Jane **Brittingham** Bell. The Bells are at Chapel Hill with their sons Scott (1) and Josh (6 mo.). Mary Jane wrote that Sarah Jane **Lynch** Kenyon had been in Portsmouth with her year old son. Jeri **Rawles** Speers '66 had a daughter born in Nov. and Susan **Hawks** Tart had a daughter in Dec. in Corpus Christi, Texas where her husband is in the Navy.

Suzanne **Ballard** Ashby is in Asheville, N. C. tending to her two sons, Brian 3½ and Hunter 1. I also talked to Melody **Saunders** Walley who is very busy as a mother and teacher in Northern Va. We debated contacting each of you individually but hoped you would respond with just a simple plea in this newsletter. Tot tells me that Betty **Wright** Allman is in Conn. and in a skiing attempt this winter broke her leg. Yea, P.E. major! Tot also visited recently with Pam **Gustafson** Spencer and Art who are building a new home in Northern Va.

I received a note from Pauline **Perrow** Zidlick who writes that this is her sixth year of teaching. She taught at her home in Va. for three years, was married in '68 and has been teaching in S. C. since then. Her husband Bill just finished the Citadel in Jan. as a veteran student and she has been taking summer courses there. They had a lovely visit last fall by Doris Harwell who stopped by enroute to a new job in Jacksonville.

My sister is completing her junior year at Longwood and she reports that Betty Hamner has completed her master's but has stayed on til the end of the school year as a House Mother. Betty **Andrews** Eike is also an employee of the college.

Lynne **Baker** Baines, '66, with husband and sons Bobby and Lee

My husband, son, and I have "resettled" in Md. and my last big project was to arrange a party to celebrate Bill's discharge from the Naval Air Reserve. We had 91 guests and a band and celebrated in fine style. Among our guests was Linda **Deming** Haupt '64 and Bob. Bob is the manager of a theatre in Washington. Linda received her master's and is teaching in Montgomery Co., Md.

Hoping to hear from many of you!

It's been wonderful hearing from so many '66ers this year. And, didn't we have fun Founders Day? To quote Theresa **Albright** Manchey, "it was fun catching up with old friends, but doing it in the presence of that young waitress who called us all 'mam' was **very** aging." Theresa teaches in Winchester and will be starting an F.T.A. chapter this year. She and Paul took a short vacation to Canada this summer plus played on a softball team. Can you imagine athletic-Theresa on a softball team?

Harriet **Anderson** Keister finished her master's last year at Radford and is teaching biology and earth science at George Wythe Hi. Even as the class of 1971 walked forward to receive their degrees in early June, most of its members had made definite plans for embarking on a new career. Whether it be teaching, housewife, or other chosen profession, most could hardly believe the class had reached the end of a long-awaited four years. Wedding bells have rung for many members of the class over the summer and early fall. Among those taking the "big" step we find Jeanean **Woolfolk** Duke, Andee **Maddox** Oglesby, Sharon **Farmer** Judy, Judi **Green** Foster, Hope **Bradshaw** Saeker, Carol **Sanders** Beale, Nancy **Dahmer** Norris, Pat **Luncelord** Renner, Betty **Boaz** Dierstein, Nancy **Hardy** Smith, Judy **Haynes** Faust, Diane **Lawhorn** Overton and Linda **Bullock** Shaver.

As first year teachers, we find the class rendering their services in many localities around the state as well as out-of-state. Many of the class decided that the Richmond area was where they wanted to start their careers. Among those teaching in Chesterfield County we find Connie Williams, Brenda Clardy and Bonnie Davis. Connie was busy planning a wedding for December, while Bonnie Davis decided to try out all her talents in a new curriculum junior high school called Salem Church. Those teaching with the City of Richmond are Sue Goodson, Linda Southworth, and Rosemary Lohman. In neighboroing Henrico County we find Sally Gill, Peggy Carter, Betty Carol Bell, Brenda Southworth, Barbara Jenkins, Mary Lu Sowers, Penny Jones, Casey Wilkes, Adri Stag, Hope **Bradshaw** Saeker, Jeanean **Woolfolk** Duke, Mary Ingram, Cindy Jamison, Kaydell **Edwards** Ward, Carol **Sanders** Beale, Louise Hanbury, Faye Chandler, Susan Steele and Sherry **Foglesong** Griffith. Pam Garnett also teaches in Henrico and is planning for a December wedding. The first week of teachers' meetings was just like a small class reunion.

Some of our class decided that northern Virginia was the place for them. Betty Johnson, Glenna Lewis, Barbara Blythe, and Nancy **Hardy** Smith are teaching in progressive Prince William County, Ginger **Fulwiler** Carey in Woodbridge and Annie Anthony in Fredericksburg. In Loudoun County Susie Marsh is teaching business education in a private school in D. C. In the Roanoke area we find Sue Rinaldi, Lynne Coleman, Lang Foster and Debbie Remsberg. Ellen Lyon is teaching in Smythe County in southwest Virginia, while Sherry Williams is in Stuart. In Martinsville are Joyce Wilkerson and Anne Bolte — Joyce is also planning for a December wedding.

As usual Tidewater attracts many girls. Jane McCaffrey, Helen Beamer, and Freda Lunsford are in Portsmouth. We knew Freda just had to be close to the beach to keep up that great tan! Carolyn Davenport and Betty Savage are in Chesapeake teaching, while Betty **Boaz** Dierstein is in Norfolk. Maxie **Stone** Crowling and Ann Heely are teaching in the Tidewater area also. In Charlottesville we find Patsy Herring and Carol Umbdenstock teaching. Eleanor Bagley returned to the town of Franklin this year after finishing out the year in their school system. HENRY G. CHESLEY, JR.

1903-1971

Mr. Henry G. Chesley, Jr., of Richmond, who was vice-rector of the Longwood College Board of Visitors, died November 16, 1971. He was appointed to the Board in 1967 to fill an unexpired term and was reappointed in 1968 for a full four-year term.

An outstanding businessman and a noted civic leader in the state, Mr. Chesley was former president of the Wilson Box Division of Downington Paper Company. At the time of his death, he was president of the board of directors of Richmond Memorial Hospital. A past-president of the Virginia Manufacturers Association and former chairman of the board of the Southern Industrial Conference, Mr. Chesley served on the board of directors of the Richmond Chamber of Commerce, the Bank of Commerce and Trusts, Commonwealth Club, Everett Waddey Company, and Titmus Optical Company.

His many civic interests in the Richmond area included the Richmond Citizens Association, Kiwanis Club, Community Chest, and the Richmond Memorial Guidance Clinic Endowment Fund. He was also an elder in the First Presbyterian Church in Richmond.

His leadership and his devoted service and love of Longwood will be greatly missed.

PHI KAPPA PHI

The Honor Society of Phi Kappa Phi has recently accepted the petition of Longwood College to establish a chapter on campus. The petition was submitted to Dr. George L. Robertson, the Regent of the national society, by ten members of the Longwood faculty who are members of Phi Kappa Phi or of Phi Beta Kappa. The petitioning group is composed of Dr. Janet L. Bingner, Dr. Robert L. Bissell, Dr. Robert E. Blasch, Dr. Edith W. Daubner, Miss Elinor M. Douglass, Dr. Elizabeth W. Etheridge, Mr. Foster B. Gresham, Dr. Johnny M. Narkinsky, Dr. Floyd F. Swertfeger and Dr. Wayne H. Tinnell. They represent approximately 20 members of the Longwood faculty who are members of Phi Kappa Phi or Phi Beta Kappa. Phi Beta Kappa is primarily for liberal arts colleges; Phi Kappa Phi is primarily for colleges that are professionally oriented; therefore, Phi Kappa Phi was chosen for Longwood.

The Honor Society of Phi Kappa Phi, which was founded in 1897, was established to recognize outstanding scholarship among undergraduates. Its primary purpose as stated in the constitution, is "to emphasize scholarship and character in the thought of college students, to foster the significant purposes for which institutions of higher learning have been founded, and to stimulate mental achievement by recognition through election to membership." Undergraduates are eligible for membership as last semester juniors or as seniors. For consideration as a junior, the student must rank in the top 5 percent of her class. For consideration as a senior, she must rank in the top 12.5 percent of her class. The total election from any class shall not exceed 10 percent of the candidates for graduation.

Plans for the installation of the Longwood chapter are currently in progress. The first election of undergraduate members will probably be held in the spring of 1972.

CHI

Chi is an organization whose essential purpose is to promote and maintain a spirit of cooperation among students in every phase of college life. It is our aim to foster respect for Longwood and loyalty to its academic program and extracurricular activities. In fulfilling this aim, Chi hopes to be an organization that represents the entire student body and commits itself to recognizing the efforts of students, faculty, staff, and organizations.

In recent years the tangible evidence of Chi's presence on campus has included the signs on sidewalks, walks at night on the Colonnade and other areas of the campus, and letters to the student body encouraging support of college functions and academic excellence. The banner of Chi appears on special occasions as indication of the organization's support of various activities. The consistently good work of students from all classes, organizations, faculty and staff receives commendation in the Spring of each year. At that time, Chi also reveals the identity of its members.

In 1971 the robes worn by members were changed to the college colors of blue and white. The skull and crossbones symbol which has been seen on the sidewalks, banners, and in this year's student handbook has been eliminated in favor of a sign bearing the name of the organization—Chi. The change in the symbol was effected in order to demonstrate the move toward a more positive image for Chi.

Those who listen carefully when Chi walks will hear a song whose new lyrics tell of the value of a spirit in the individual and the role of Chi at Longwood College.

In making changes in the symbol, robes, and song, Chi does not intend to forget the past; but to utilize the valuable aspects of those experiences that have enabled Chi to promote and maintain a spirit of cooperation in every phase of college life.

Further evidence of Chi's work is shown in the recent gifts to the college which have included the sundial behind the library, red tulips to beautify the campus, the tiled white X in the downstairs dining hall, the college flag and gold eagle standard in the ABC Room of Lankford Building, two plaques for French Building, and most recently Chi has set up an emergency scholarship fund, which is available to students who need financial assistance in order to continue their education at Longwood. Activities during 1971-72 have included a program encouraging students to register to vote in state, national and college elections and sponsoring a Christmas musical by Campus School students with proceeds going to the Prince Edward County Welfare Department.

1971 HONOR ROLL

The 1971 fund-raising campaign was conducted by direct fund appeals to alumnae from the college and personal solicitation by chapters for the year January 1, 1971 through December 17, 1971. Also included are gifts made to the Longwood College Foundation by many businesses, parents, staff and faculty, and friends. The parents' annual fund is for the 1970-71 school year.
